Notice of 2023
Annual Meeting of Shareholders
and Proxy Statement

Meeting Date: April 28, 2023

Bank of Hawai'i Corporation

130 Merchant Street
Honolulu, Hawai'i 96813

LETTER FROM OUR CHAIRMAN, CEO, AND PRESIDENT

March 17, 2023

Dear Shareholder:

The 2023 Annual Meeting of Shareholders of Bank of Hawai'i Corporation will be held via live webcast on Friday, April 28, 2023, at 8:30 a.m. Hawaii Standard Time. Each shareholder will be asked to provide their control number when logging in to attend the virtual Annual Meeting. Shareholders who hold shares through an intermediary, such as a bank or broker, will also be able to use the control number provided by their bank or broker to attend and participate at the virtual Annual Meeting. More detailed instructions on how to attend and vote at the virtual Annual Meeting are found on pages 3 and 4.

The Notice of Meeting and Proxy Statement accompanying this letter describe the business we will consider and vote upon at the meeting. A report to shareholders on the affairs of Bank of Hawai'i Corporation also will be given and shareholders will have the opportunity to ask about matters of interest concerning the Company through the virtual meeting platform during the virtual Annual Meeting.

For reasons explained in the accompanying Proxy Statement, the Board of Directors recommends that you vote FOR Proposal 1: Election of Directors, FOR Proposal 2: Advisory Vote on Executive Compensation, FOR "Every Year" on Proposal 3: Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation, and FOR Proposal 4: Ratification of the Re-appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the 2023 fiscal year.

Your vote is very important. Please complete, sign, date and return the enclosed proxy card and mail it promptly in the enclosed postage-paid return envelope, even if you plan to virtually attend the Annual Meeting. If you wish to do so, your proxy may be revoked at any time before voting occurs at the virtual Annual Meeting. You may also vote and change your vote at the virtual Annual Meeting.

On behalf of the Board of Directors, thank you for your cooperation and support.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter S. Ho". The signature is fluid and cursive.

Peter S. Ho
*Chairman of the Board, Chief Executive Officer, and
President*

NOTICE OF 2023 ANNUAL MEETING OF SHAREHOLDERS
To be held April 28, 2023

To Our Shareholders:

The 2023 Annual Meeting of Shareholders of Bank of Hawai'i Corporation will be held via live webcast at www.meetnow.global/M7CT9HZ on Friday, April 28, 2023, at 8:30 a.m. Hawaii Standard Time for the following purposes:

1. To elect 14 persons to serve as directors of the Company for a term of one year each until the 2024 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified, or until the director's earlier resignation, removal, death or disqualification.
2. To hold an advisory vote on executive compensation.
3. To hold an advisory vote on the frequency of holding advisory votes on executive compensation.
4. To ratify the re-appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the 2023 fiscal year.
5. To transact any other business that may be properly brought before the meeting or any adjournment or postponement thereof.

These items of business are more fully described in the proxy statement accompanying this Notice, which is being mailed to shareholders on or about March 17, 2023. Shareholders of record of Bank of Hawai'i Corporation common stock (NYSE: BOH) at the close of business on March 2, 2023 are entitled to attend the meeting and vote on the business brought before it. A list of such shareholders shall be open to the examination of any shareholders upon request following the 2023 Annual Meeting of Shareholders.

We look forward to connecting with you at the meeting. However, if you cannot attend the meeting, your shares may still be voted by telephone or via the Internet, or you may complete, sign, date, and return the enclosed proxy card in the enclosed postage-paid return envelope.

By Order of the Board of Directors,

Patrick M. McGuirk

Senior Executive Vice President and Corporate Secretary
Bank of Hawai'i Corporation

Honolulu, Hawai'i
March 17, 2023

Your Vote is Important!

Please promptly sign and return the enclosed proxy card, or vote by telephone or on the Internet. Submitting your proxy by one of these methods will ensure your representation at the annual meeting regardless of whether you attend the meeting.

Thank you for your participation!

PROXY STATEMENT

GENERAL INFORMATION

The Board of Directors (the “Board”) of Bank of Hawai‘i Corporation is soliciting the enclosed proxy for the Company's 2023 Annual Meeting of Shareholders (the “Annual Meeting”). The proxy statement, proxy card, and the Company's Annual Report to Shareholders and Annual Report on Form 10-K are being distributed to the Company's shareholders on or about March 17, 2023.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: *What is a proxy?*

A: A proxy is your legal designation of another person to vote the shares you own. That other person that you designate is called a proxy and is required to vote your shares in the manner you instruct. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. If you vote by phone or via the Internet, you will have designated Patrick M. McGuirk and/or Russell Lum to act as your proxy to vote your shares at the Annual Meeting in the manner you direct.

Q: *How many shares must be present to hold the annual meeting?*

A: The holders of at least one-third of the Company’s outstanding common stock on the Record Date entitled to vote at the annual meeting must be represented, in person or by proxy, to conduct business. That amount is called a *quorum*. Shares are counted as present at the meeting if a shareholder entitled to vote is present at the meeting, or has submitted a properly signed proxy in writing, or by voting by telephone or via the Internet. We also count abstentions and broker non-votes as present for purposes of determining a quorum.

Q: *Why did I receive a one-page notice (the “Notice”) in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?*

A: The rules and regulations of the Securities and Exchange Commission (the “SEC”) allow companies to furnish proxy materials by providing access to such documents on the Internet instead of mailing a printed copy of proxy materials to each shareholder of record. Shareholders who previously requested to receive printed copies of proxy materials by mail will continue to receive them by mail. Shareholders who have not previously indicated a preference for printed copies of proxy materials are receiving the Notice. The Notice provides instructions on how to access and review all of the proxy materials and how to submit your proxy via the Internet. If you would like to receive a printed or e-mail copy of the proxy materials, please follow the instructions for requesting such materials in the Notice.

Q: *What are the voting procedures?*

A: Under our Certificate of Incorporation, Directors are elected annually by majority of votes cast (Proposal 1). This means that a director is elected if the number of votes cast for the nominee exceeds the number of votes cast against the nominee. In the event of a contested election, the election is determined by plurality vote. This means that the nominees who receive the highest number of affirmative votes are elected. Abstentions and broker non-votes do not affect the outcome of a plurality vote.

The advisory vote on executive compensation (Proposal 2), the advisory vote on the frequency of future advisory votes on executive compensation (Proposal 3) and the advisory vote on the ratification of the reappointment of our independent registered public accounting firm (Proposal 4) are also decided by a majority of votes cast. For Proposals 1, 2 and 3, broker non-votes will be treated as not entitled to vote and will not affect the outcome. For Proposal 4, your broker, bank, trustee, or other nominee may exercise its discretion and vote. Abstentions will have the same effect as votes cast against the proposal.

Holders of our common stock are entitled to one vote per share of common stock held on the Record Date. The outstanding shares of Series A Preferred Stock are not entitled to any voting rights for any current proposal.

Q: *Why am I being asked to vote on executive compensation?*

A: In 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) was enacted, requiring that public company shareholders be given the opportunity for a non-binding general advisory vote regarding the compensation paid to named executive officers. The Dodd-Frank Act also requires a non-binding vote at least every six years as to how frequently the general advisory vote should occur (annually, biannually or triennially). At the Annual Meeting of Shareholders in 2017, our shareholders strongly supported an annual vote on executive compensation and, in light of that preference, the Board determined to hold the advisory vote annually until next determined at the 2023 Annual Meeting of Shareholders (see Proposal 3).

Q: *May I change my vote?*

A: Yes. You may change your proxy instructions any time before the vote at the Annual Meeting. Attendance at the virtual Annual Meeting will not cause your previously granted proxy to be revoked unless you also vote at the meeting.

Q: *What is a broker non-vote?*

A: The New York Stock Exchange (“NYSE”) allows its member-brokers to vote shares held by them for their customers on matters the NYSE determines are routine, even though the brokers have not received voting instructions from their customers. Of the proposals anticipated to be brought at the annual meeting, only Proposal 4 (the ratification of the re-appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the 2023 fiscal year) is considered by the NYSE to be a routine matter. Your broker, therefore, may vote your shares in its discretion on Proposal 4 if you do not instruct your broker how to vote. If the NYSE does not consider a matter routine, then your broker is prohibited from voting your shares on the matter unless you have given voting instructions on that matter to your broker. Therefore, your broker will need to return a proxy card without voting on these non-routine matters if you do not give voting instructions with respect to these matters. This is referred to as a “broker non-vote.” The NYSE does not consider Proposal 1 (election of Directors), Proposal 2 (advisory vote on executive compensation) and Proposal 3 (advisory vote on the frequency of future advisory votes on executive compensation) to be routine matters, so your broker may not vote on these matters in its discretion. It is important, therefore, that you provide instructions to your broker if your shares are held by a broker so that your vote is counted with respect to these non-routine matters.

Q: *Why are we holding a virtual Annual Meeting?*

A: The 2023 Annual Shareholders’ Meeting will be held virtually as in prior years. We adopted a virtual meeting format in 2020, 2021 and 2022 and this format has proven to allow the same, or perhaps better, opportunity for shareholder participation. This format allows shareholders to participate from anywhere where they have Internet connectivity, thus allowing more shareholders to participate regardless of size, location or resources. Shareholders and the Company alike save valuable time and money with this convenient format all while reducing the carbon footprint of our activities. Shareholders may view a live webcast of the Annual Meeting and submit questions digitally prior to and during the meeting at www.meetnow.global/M7CT9HZ. Please refer to the “Participating in the Annual Meeting” section of the Proxy Statement for more details.

Q: *How can I attend the Annual Meeting virtually on the Internet?*

A: The Annual Shareholders’ Meeting will be virtual and conducted by webcast. You are entitled to participate in the Annual Meeting only if you were a shareholder of the Company at the close of business on March 2, 2023. An in-person meeting will not be held. You will be able to attend the Annual Meeting online and submit your questions during the meeting by visiting www.meetnow.global/M7CT9HZ. To participate in the Annual Meeting, you will need to review the information included on your Notice, proxy card or the instructions that accompanied your proxy materials.

The online meeting will begin promptly at 8:30 a.m. Hawaii Standard Time. We encourage you to access the virtual meeting website prior to the start time to leave ample time for check-in. Please follow the instructions as outlined in this proxy statement.

If you hold your shares through a bank or broker as a beneficial shareholder, and want to attend the Annual Meeting online by webcast (with the ability to ask a question and/or vote, if you choose to do so) you have two options:

1) Registration in Advance of the Annual Meeting

Submit proof of your proxy power (“Legal Proxy”) from your broker or bank reflecting your Bank of Hawai‘i Corporation holdings along with your name and email address to Computershare. Requests for registration must be labeled “Legal Proxy” and be received no later than 5:00 p.m. Eastern Time, on April 27, 2023. You will receive a confirmation of your registration by email after Computershare receives your registration materials. Requests for registration should be directed to Computershare at the following:

By email: Forward the email from your broker granting you a Legal Proxy, or attach an image of your Legal Proxy, to legalproxy@computershare.com

By mail: Computershare
Bank of Hawai‘i Legal Proxy
P.O. Box 43001
Providence, RI 02940-3001

2) Register at the Annual Meeting

For the 2023 proxy season, an industry solution has been agreed upon to allow beneficial shareholders to register online at the Annual Meeting to attend, ask questions and vote. We expect that the vast majority of beneficial shareholders will be able to fully participate using the control number received with their voting instruction form. Please note, however, that this option is intended to be provided as a convenience to beneficial shareholders only, and there is no guarantee this option will be available for every type of beneficial shareholder voting control number. The inability to provide this option to any or all beneficial shareholders shall in no way impact the validity of the Annual Meeting. Beneficial shareholders may choose the Register in Advance of the Annual Meeting option above, if they prefer to use this traditional, paper-based option. You may vote your shares as usual via ProxyVote.com.

In any event, please go to www.meetnow.global/M7CT9HZ for more information on the available options and registration instructions.

Q: *What if I have trouble accessing the Annual Meeting virtually?*

A: The virtual meeting platform is fully supported across browsers (Internet Explorer, Firefox, Chrome and Safari) and devices (desktops, laptops, tablets and cell phones). Please ensure you have a strong internet connection prior to joining the meeting virtually and join the meeting several minutes prior to the start time. There will be a link on the meeting page for further assistance should you need it, or you may call:

Computershare
1-888-724-2416
1-781-575-2748
Hours: 8:30 a.m. - 6:00 p.m. Eastern Time

Q: *May I propose actions for consideration at next year's annual meeting of shareholders?*

A: Yes. You may submit proposals for consideration at the 2024 Annual Meeting of Shareholders by presenting your proposal in writing to the Corporate Secretary at 130 Merchant Street, Honolulu, Hawai'i 96813 and in accordance with the following schedule and requirements.

Proposals To Be Included In The Proxy Statement and Voted On At The Meeting. Proposals that shareholders wish to have included in the proxy statement for the 2024 Annual Meeting of Shareholders must be made in accordance with SEC Rule 14a-8. Proposals must be received by the Company's Corporate Secretary on or before November 18, 2023, at the above address.

Proposals To Be Voted On At The Meeting Only. Under Section 1.12 of the Company's Bylaws, for a shareholder to bring a proposal before the 2024 Annual Meeting, the Company must receive the written proposal not later than 80 days nor earlier than 90 days before the first anniversary of the 2023 annual meeting; in other words, not earlier than January 28, 2023, and no later than February 7, 2024. The proposal also must contain the information required in the Bylaws. If you wish to make one or more nominations for election to the Board, the required information includes, among other things, the written consent of such individual to serve as director and (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each nominee, and (iii) the number of shares of Bank of Hawai'i Corporation common stock each nominee beneficially owns. These advance notice provisions are separate from the requirements a shareholder must meet to have a proposal included in the proxy statement under SEC rules. By complying with these provisions, a shareholder may present a proposal in person at the meeting, but will not be entitled to have the proposal included in the Company's proxy statement unless they comply with the requirements described in the preceding paragraph. Persons holding proxies solicited by the Board may exercise discretionary authority to vote against such proposals. In addition to satisfying the foregoing requirements under the Company's Bylaws, to comply with the "universal proxy rules", shareholders who intend to solicit proxies in support of director nominees at the 2024 Annual Meeting must include the additional information required by SEC Rule 14a-19(b) including a statement that they intend to solicit 67% of outstanding voting shares.

Q: *Where can I find the voting results of the Annual Meeting?*

A: We plan to announce preliminary voting results at the Annual Meeting. We will publish final voting results in a report on Form 8-K within four business days of the Annual Meeting.

Q: *What happens if the meeting is postponed or adjourned?*

A: Your proxy will remain valid and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

PROPOSAL 1: ELECTION OF DIRECTORS**BOARD OF DIRECTORS**

The Company's Certificate of Incorporation requires that the Company's Board consist of not fewer than three directors and not more than 15 directors, with the exact number to be determined by the Board. On October 22, 2021, the Board fixed the number of directors for election at the annual meeting at 14. Each of the 14 directors listed below has been nominated for a one-year term to serve until the 2024 Annual Meeting of Shareholders and until his or her successor is elected and qualified or until the director's earlier resignation, removal, death or disqualification. In the event that any or all of the director nominees are unable to stand for election as director, the Board, upon the recommendation of the Nominating & Corporate Governance Committee, may select different nominees for election as directors.

Certain information with respect to each of the nominees is set forth below, including his or her principal occupation, qualifications, and directorships during the past five years. Each nominee has consented to serve and all nominees are currently serving on the Company's Board. The nominees were each recommended to the Board by the Company's Nominating & Corporate Governance Committee whose goal is to assemble a board that operates cohesively, encourages candid communication and discussion, and focuses on activities that help the Company create sustainable long-term growth and maximize shareholder value. The Nominating & Corporate Governance Committee also looks at the individual strengths of directors, their ability to contribute to the Board, and whether their skills and experience complement those of the other directors. A more detailed discussion on the nomination process and the criteria the Nominating & Corporate Governance Committee considers in their evaluation of director candidates is found in the Commitment to Effective Corporate Governance section which begins on page 19.

The Board of Directors recommends a vote "FOR" each of the nominees.

As one of the largest financial institutions in Hawai'i, finding director candidates with a deep knowledge of the focused market in which we operate is critical. The nominees' breadth and diversity of experience, mix of qualifications, attributes, and skills strengthen our Board of Director's effective oversight of the Company's business. While our longer tenured directors bring a wealth of experience and deep understanding of the business, we recognize the need for fresh perspectives, have consistently added new directors, and are committed to continued board and committee diversity and refreshment.

ATTRIBUTES AND SKILLS OF THE NOMINEES

Nominees for directors are selected based on, among other criteria, their integrity, informed judgment, financial literacy, high performance standards, accomplishments and reputation in the community, experience, skill sets, ability to commit adequate time to Board and committee matters, and to act on behalf of shareholders. The criteria also includes a determination of the needs of the Board and of the individual’s personal qualities and characteristics with those of the other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company and its shareholders. The composition of the Board should encompass a broad range of skills, expertise, industry knowledge, diversity of background and viewpoint, and professional and community contacts relevant to the Company’s business.

SOUND ENVIRONMENTAL, SOCIAL, AND GOVERNANCE LEADERSHIP

The Company is dedicated to making corporate social responsibility a part of everything we do in the communities we serve, including how we manage and develop our people, the products and services we offer, and the investments we make in creating a sustainable and resilient economy in our communities. In 2022, the Company constituted its Environmental, Social and Governance (“ESG”) Committee, which is a cross-functional team of senior executives representing Communications, Community & Employee Engagement, Facilities, Human Resources, Investor Relations, Legal, Risk, and all aspects of our revenue generating businesses. The ESG Committee reports to the Nominating and Corporate Governance Committee of the Board. Senior management and the Board remain committed to being a leader among Hawai‘i’s corporate citizens by fostering an effective and efficient risk and control environment that includes an emphasis on an ethically driven culture, sustainable growth, and an ongoing investment in our employees and our community.

In 2022, the Company published its 2021 ESG Report, which, for the first time, reported according to the Sustainability Accounting Standards Board (“SASB”) framework. In compiling the report, the Company completed an SASB materiality assessment, and examined a range of key stakeholders including investors, customers, colleagues and ESG rating organizations. In addition, during 2022 we conducted significant shareholder outreach on the topic of ESG and gained many valuable insights. We welcome the additional transparency and the streamlining of information that comes from aligning our ESG strategies according to SASB guidelines, and will look to mature our ESG strategies and goals going forward.

The Company’s Code of Business Conduct and Ethics drives a workplace and workforce that embraces the highest ethical and moral standards. We maintain strong and confidential reporting processes and procedures that support an open and honest environment in an effort to ensure that the highest principles of integrity and inclusion are maintained.

The Company believes that a diverse and inclusive workforce fosters an environment where everyone can thrive and be successful. As of December 31, 2022, approximately 87% of the Company’s workforce are ethnically diverse (non-Caucasian) and approximately 63% are female, including 43% and 60% of our senior leaders and managers, respectively. In addition, we conduct an external pay equity study periodically to ensure that a gender pay gap does not exist.

COMMITMENT TO EFFECTIVE CORPORATE GOVERNANCE

The Company is committed to effective corporate governance practices that enhance and protect shareholder rights including:

- Annually elected directors
- Majority voting in director elections with a plurality carve out in the case of contested elections and a director resignation policy
- Independent directors comprise 86% (12) of the Board and 100% of key committees
- 36% of directors are women (5)
- 50% of directors are ethnically diverse (7)
- Ongoing director refreshment with 6 new directors added in the past 5 years
- The directors are subject to Company stock ownership guidelines equal to 5 times the director annual cash retainer
- Directors actively participate in continuing education programs on corporate governance and related issues
- Each director attended at least 75% of the Board and the director’s assigned committee meetings
- The Company has adopted an annual frequency for the Say-on-Pay vote
- The Company participates in robust shareholder outreach activities
- The Company supports a whistleblower policy and program
- The Company maintains a clawback policy
- No poison pill has been adopted

Corporate Governance Guidelines

The Company and the Board have adopted Corporate Governance Guidelines (“Governance Guidelines”). The Governance Guidelines are posted on the Investor Relations page of the Company’s website at www.boh.com. The Governance Guidelines address director qualification and independence standards, responsibilities of the Board, access to management and access to independent advisors, compensation, orientation and continuing education, Board committees, Chief Executive Officer (“CEO”) evaluation, management succession, Code of Business Conduct and Ethics, shareholder communications to the Board and the Board’s annual performance evaluation.

The Company's leadership structure includes both a combined Chairman and CEO and a separate Lead Independent Director. At this time, the Board believes that it is in the best interests of the Company to have a single individual serve as Chairman and CEO to control and implement the short- and long-term strategies of the Company. The Board believes that this joint position provides it with the ability to perform its oversight role over management with the benefit of a management perspective as to the Company's business strategy and all other aspects of the business. With its Lead Independent Director, this governance structure also provides a form of leadership that allows the Board to function distinct from management, capable of objective judgment regarding management's performance, and enables the Board to fulfill its duties effectively and efficiently. The Company's leadership structure promotes the objectivity of the Board's decisions and its role in reviewing the performance of management. Through its leadership and governance processes the Company seeks to establish a governance structure that provides both oversight and guidance by the Board to management regarding strategic planning, risk assessment and management, and corporate performance.

The Company's Lead Independent Director is appointed by the Board and the current Lead Independent Director, Mr. Raymond P. Vara, Jr., was appointed in April 2020. The Company's Governance Guidelines clearly define the Lead Independent Director's role and duties which include, but are not limited to, serving as Chairman of the Company's Nominating & Corporate Governance Committee, presiding over regularly scheduled executive sessions of the non-management directors, serving as a liaison between the non-management directors and executive management, and assisting the Board and executive management to ensure compliance with the Governance Guidelines.

The Board has determined that 12 of the 13 current non-management directors, including the Lead Independent Director, are "independent" as defined by the NYSE rules. The non-management directors meet in executive session without management in attendance for regularly scheduled meetings. The non-management directors may also meet in executive session each time the full Board convenes for a meeting. In 2022, the non-management directors met four times in executive session. The Lead Independent Director also meets regularly on an individual basis with members of the Company's executive management team.

Director Qualifications and Nomination Process

The Nominating & Corporate Governance Committee is responsible for identifying and assessing all director candidates and recommending nominees to the Board. Potential nominees are evaluated based on their independence, within the meaning of the Governance Guidelines and the rules of the NYSE. Candidates to be nominated as a director, including those submitted by shareholders, are selected based on, among other criteria, their integrity, informed judgment, financial literacy, high performance standards, accomplishments and reputation in the community, experience, skill sets, and ability to commit adequate time to Board and committee matters and to act on behalf of shareholders. The criteria also include a determination of the needs of the Board and of the interplay between each individual's personal qualities and characteristics and those of the other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company and its shareholders. In addition, Board members are expected to participate in continuing education and training opportunities to stay current on corporate governance, industry trends and issues and to enhance their understanding of the Company's business.

The objective of the Nominating & Corporate Governance Committee is to present a combination of candidates that will result in a Board with a wide range of skills, expertise, industry knowledge, viewpoints, and backgrounds, with business and community contacts relevant to the Company's business. To accomplish this, the Nominating & Corporate Governance Committee seeks candidates from different age groups, ethnicities, genders, industries, and experiences, in addition to the criteria described above. The Board includes directors with experience in public corporations, nonprofit organizations, and entrepreneurial individuals who have successfully run their own private enterprises. The Board also has the broad set of skills necessary for providing oversight to a financial institution, which includes proven leadership and expertise in finance, accounting, information technology, risk management, lending, investment management, digital marketing, data analytics and communications. A shareholder may submit a candidate for consideration by the Board to be included in the Board's slate of director nominees. Candidates proposed by shareholders will be evaluated by the Nominating & Corporate Governance Committee under the same criteria that are applied to other candidates. The criteria are set forth above and in the Company's Bylaws and Governance Guidelines. Candidates to be considered for nomination by the Nominating & Corporate Governance Committee at the 2023 Annual Meeting of Shareholders must be presented in writing to the Corporate Secretary on or before November 18, 2022, at 130 Merchant Street, Honolulu, Hawai'i 96813.

Director Experience, Tenure, Diversity and Refreshment

The Board maintains a unique balance of experience, tenure, diversity, cultural and local market knowledge and broad subject matter expertise. While our longer-tenured directors carry a wealth of experience and deep understanding of the Company and our industry, the Board embraces the need for fresh perspectives and is committed to continued director refreshment. Since 2017, the Board has added six new directors. On February 24, 2023, the current directors were nominated to stand for re-election at the 2023 Annual Meeting. The Board employs a balanced approach to populating Board Committees. This refreshment strategy results in a membership that maintains new and contemporary perspectives, ideas and approaches.

Board and Committee Evaluations

The Nominating & Corporate Governance Committee leads and oversees the annual evaluation of the Board and Board committees. The annual evaluation includes an individual director self-assessment and an independent third party hosted survey to determine whether the Board and its committees are functioning effectively. The Nominating & Corporate Governance Committee establishes the evaluation criteria, oversees the evaluation process, discusses the results with the Board, and implements any changes that emerge from the evaluations that the Board deems appropriate to enhance Board effectiveness.

An independent consultant provides assistance with the design of the online survey instrument and administers the survey on behalf of the Nominating & Corporate Governance Committee, thereby assuring anonymity of participant responses through a secure, encrypted website. A written report of total sample data, as well as data for the Board committees, is prepared by the consultant, analyzing the closed-end questions and including the verbatim comments offered by directors at the close of each section of the survey that may provide recommendations for improvement. The report also tracks current data against results from previous surveys, where comparable. The Nominating & Corporate Governance Committee, through the same third party, distributes a survey to executive management for feedback concerning how the Board and its committees can enhance their effectiveness.

Majority Voting

The Company's Bylaws and Governance Guidelines provide for majority voting in uncontested elections and a resignation process in the event a director nominee does not obtain a majority of votes cast. The resignation process provides the Board with discretion to accept or reject a tendered resignation if a majority vote is not obtained. If the tendered resignation is not accepted by the Board, the Board shall not nominate such director to stand for re-election at the next annual meeting of shareholders.

Communication with Directors

Shareholders and any interested parties may communicate with the Board, non-management directors, or the Lead Independent Director by sending correspondence c/o the Company's Corporate Secretary, 130 Merchant Street, Honolulu, Hawai'i 96813. All appropriate communications received will be forwarded to the Board, non-management directors or the Lead Independent Director as addressed.

Code of Business Conduct and Ethics

The Company has earned its reputation as a respected leader in the communities it serves and in the financial services industry by conducting business in an ethical, responsible and professional manner. The Company is proud of the high standards of quality and service that have been its hallmark through the years. These qualities represent fundamental business practices and apply to all directors, officers and employees.

The Company and the Board have adopted a Code of Business Conduct and Ethics (the "Code") for directors, executive officers (including the Company's Chief Executive Officer, Chief Financial Officer, Principal Accounting Officer and Controller) and employees that are posted on the Investor Relations page of the Company's website at www.boh.com. The Code addresses the professional, honest and ethical conduct required of each director, officer and employee, conflicts of interest, disclosure process, compliance with laws, rules and regulations (including securities trading), corporate opportunities, confidentiality, fair dealing, protection and proper use of Company assets, and encourages the reporting of any illegal or unethical behavior through robust reporting protocols and whistleblower protections. The Company also maintains a whistleblower and anti-retaliation policy and encourages conduct reporting through several designated channels, including the Chair of the Audit & Risk Committee, Chief Ethics Officer, General Counsel and a third party hosted anonymous alert line. A waiver of any provision of the Code may be made only by the Audit & Risk Committee of the Board and must be promptly disclosed as required by SEC and NYSE rules. The Company will disclose any such waivers, as well as any amendments to the Code, on the Company's website at www.boh.com.

Policy Prohibiting Hedging and Pledging of Company Stock

The Company's Securities Trading Policy (the "Policy") specifically prohibits directors and employees from hedging the risk associated with the ownership of Bank of Hawai'i Corporation's common stock. The Policy also prohibits directors and employees from pledging transactions involving Bank of Hawai'i Corporation common stock as collateral, including the use of a traditional margin account with a broker-dealer.

Director Independence

The Board is comprised of a majority of independent directors as defined by the NYSE listing standards. In affirmatively determining that a director is independent of the Company's management and has no material relationship with the Company, either directly or indirectly as a partner, shareholder, or officer of an organization that has a relationship with the Company, the Board applies the following categorical standards, in addition to such other factors as the Board deems appropriate:

- a) In no event shall a director be considered independent if the director is an employee, or a member of the director's immediate family is an executive officer of the Company until three years after the end of such employment relationship. Employment as an interim Chairman of the Board, Chief Executive Officer, Chief Financial Officer or other executive officer shall not disqualify a director from being considered independent following that employment.
- b) In no event shall a director be considered independent if the director receives, or a member of the director's immediate family who serves as an executive officer of the Company receives more than \$120,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). A director may not be considered independent until three years after ceasing to receive such compensation.
- c) In no event shall a director be considered independent if the director is a current partner or employee of the Company's internal or external auditor, or whose immediate family member is a current partner or employee of such a firm and personally works on the Company's audit; or was a partner or employee of such a firm and personally worked on the Company's audit within the last three years.
- d) In no event shall a director be considered independent if the director is employed, or a member of the director's immediate family is employed, as an executive officer of another company where any of the Company's present executives serves on that company's compensation committee until three years after the end of such service or employment relationship.
- e) In no event shall a director be considered independent if the director is an executive officer or employee, or an immediate family member of the director is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services rendered in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues for such year, until three years after falling below such threshold.
- f) A director will not fail to be deemed independent solely as a result of the director's and the director's immediate family members', or a director's affiliated entities, banking relationship with the Company if such relationship does not violate paragraphs (a) through (e) above and is made in the ordinary course of business on substantially the same terms as those prevailing at the time for comparable transactions with persons not affiliated with the Company and, with respect to extensions of credit, is made in compliance with applicable laws, including Regulation O of the Board of Governors of the Federal Reserve System, and do not involve more than the normal risk of collectability or present other unfavorable features.
- g) Audit & Risk Committee members may not receive directly or indirectly any consulting, advisory or other compensatory fee from the Company and shall otherwise meet the independence criteria of Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Audit & Risk Committee members may receive directors' fees and other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive (including any additional such fees or consideration paid to directors with respect to service on committees of the Board).
- h) Human Resources & Compensation Committee members may not receive directly or indirectly any consulting, advisory or other compensatory fee from the Company, and shall otherwise meet the independence criteria of Rule 10C-1 under the Securities Exchange Act of 1934, as amended. Human Resources & Compensation Committee members may receive directors' fees or other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive (including any additional such fees or consideration paid to directors with respect to service on committees of the Board).
- i) If a particular commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship or transaction that is not addressed by the above standards exists between a director and the Company, the Board will determine, after taking into account all relevant facts and circumstances, whether such relationship or transaction is in the Board's judgment material, and therefore whether the affected director is independent.

For purposes of these independence standards, an "immediate family member" includes the director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director's home.

The following 12 director nominees standing for election have been determined by the Board to be independent: Messrs. Burak, Erickson, Feldman, Mills, Nichols, Vara, and Wo, and Mmes. Apoliona, Hulst, Moy, Tanabe, and Tokioka, and accordingly, the Board has a majority of independent directors as defined by the listing standards of the NYSE and the Governance Guidelines. The Audit & Risk, Human Resources & Compensation, and Nominating & Corporate Governance Committees are each composed entirely of independent directors who also meet applicable committee independence standards. Mr. Ho is the Chairman, CEO and President of the Company and is therefore not independent. Mr. Lucien, who retired as an employee of the Company in April 2020, was formerly the Vice Chair and Chief Strategy Officer of the Company and is therefore not independent under the NYSE listing standards.

Human Resources & Compensation Committee Interlocks and Insider Participation

No member of the Human Resources & Compensation Committee during fiscal year 2022 served as an officer, former officer, or employee of the Company or had a relationship that was required to be disclosed under “Certain Relationships and Related Transactions.” Further, during 2022, no executive officer of the Company served as:

- A member of the Human Resources & Compensation Committee (or equivalent) of any other entity, one of whose executive officers served as one of our directors or was an immediate family member of a director, or served on our Human Resources & Compensation Committee; or
- A director of any other entity, one of whose executive officers or their immediate family member served on our Human Resources & Compensation Committee.

Oversight of Risk

The Company’s governance, including policies, standards and procedures, has been developed with the goal of ensuring that business decisions and the execution of business processes are in compliance with legal and regulatory requirements.

Authority for accepting risk exposures on behalf of the Company originates from the Board. In turn, that authority is delegated through the Board-appointed Executive Committee, chaired by the CEO and comprised of executive management, and its subcommittees, including the Risk Council. The Risk Council, chaired by the Chief Risk Officer, provides the Executive Committee with a forum for the review and communication of both specific and company-wide risk issues, and serves to enhance collaboration among all areas of the Company that create and manage risk, while reinforcing executive management’s responsibility for ensuring risk is managed within established tolerances.

Risk management at the Company is the process for identifying, measuring, controlling and monitoring risk across the enterprise given its business as a financial institution and financial intermediary. Risk Management crosses all functions and employees and is embedded in all aspects of planning and performance measurement. The Company’s systems, information and timely reporting are designed to enable the Company to quickly adapt to early warning signs.

The Board is responsible for oversight of the Company’s enterprise risk framework. The Board implements its risk oversight function both as a whole and through delegation to various committees. The Board has delegated to the Audit & Risk Committee primary responsibility for overseeing financial, credit, investment and operational risk exposures including regulatory and legal risk; to the Fiduciary & Investment Management Committee primary responsibility for oversight of fiduciary and investment risk of client accounts; and to the Human Resources & Compensation Committee primary responsibility for oversight of risk related to management and staff. These committees report to the full Board to ensure the Company’s overall risk exposures are understood, including risk interrelationships. The Board also oversees reputational risk.

Risk reports are provided and discussed at every committee and Board meeting. In addition to detailed reports, the Board reviews an Enterprise Risk Position report that reflects key risk measures and trends across the Company. Key managers responsible for risk management (Chief Risk Officer, Treasurer, Chief Compliance Officer, General Counsel, and Chief Fiduciary Officer) regularly provide updates at the respective committee and Board meetings. In support of the Board’s risk oversight role and to ensure that potential problems are surfaced, the Audit & Risk Committee directly oversees the Company’s Internal Audit and Credit Review functions.

Cybersecurity and Information Security Risk Oversight

Management of cybersecurity risks is the responsibility of the full Board. In 2022, the Company, the Board, and the Audit & Risk Committee continued to strengthen the management and oversight of cybersecurity risks through new security system enhancements, policies, testing, identification and reporting. The Company continued its program of third party penetration testing and ongoing analysis to identify potential vulnerabilities and need for additional enhancements. The company also continued to support remote work in response to the COVID-19 pandemic which included ensuring the necessary provisions for managing the cybersecurity and information security risks associated with remote work.

The Board devotes significant time and attention to the oversight of cybersecurity and information security risk, and benefits from the technical expertise of certain of its members. In particular, the Board and Audit & Risk Committee each receive regular reporting on cybersecurity and information security risk. At least quarterly, the Audit & Risk Committee receives an operational risk update that includes a review of cybersecurity and information security risk. Our Board reviews and approves our Information Security Policy annually and frequently receives presentations on and discusses cybersecurity and information security risks, industry trends and best practices.

Compensation Policies and Risk

The Board's risk oversight responsibility includes the implementation of compensation programs that do not encourage or incentivize excessive risk taking or inappropriate conduct and promote, among other things, gender pay equality. The Human Resources & Compensation Committee is responsible for establishing and reviewing the Company's executive compensation programs, as well as the compensation programs for employees generally, and ensuring that the programs do not encourage unnecessary or excessive risk taking or create risks that are reasonably likely to have a material adverse effect on the Company and its customers.

The Company, in addition to its annual comprehensive review, receives ongoing reporting relating to the Company's incentive plans' design, performance, payouts and customer impact, with oversight by and reporting to the Board, Audit & Risk Committee and Human Resources & Compensation Committee. This reporting includes an analysis of potential "red flag" indicators including the existence, nature and extent of any customer complaints, regulatory complaints, legal actions, employee feedback and payout results to determine if the incentive plan design or implementation resulted in employee wrongdoing or customer abuse.

COMMITMENT TO MEANINGFUL SOCIAL INITIATIVES

Throughout our 125th anniversary year, we celebrated our history and milestones made possible by the continued dedication and teamwork of our employees. Supporting our teammates along with our communities will help ensure a better tomorrow for the islands we call home.

Support for Small Businesses

Bank of Hawai'i continued to support small businesses with the SBA 504 Program, a commercial real estate financing program for owner-occupied properties that allows small business borrowers to preserve working capital by requiring only a 10% down payment on purchase transactions.

In Saipan, 2022 marked the 11th year of the I Kinometi Para I Kumunidat I Islâ-ta Grants, Bank of Hawai'i's small business and revitalization and development grants. Five grants of up to \$5,000 each are awarded annually to support new and existing small businesses to thrive and give back to the community. Since its inception in 2012, \$275,000 has been awarded to 55 small businesses. One of the five grant recipients in 2022 was St. Jude Renal Care Facility, a locally owned and operated Centers for Medicare and Medicaid Services certified outpatient hemodialysis center, which serves patients from Tinian, Rota and Saipan, as well as transient patients from Guam, Federated States of Micronesia, Japan, Korea and the continental U.S. With help from the grant monies, they purchased equipment that ensures power supply for dialysis treatment care and related services in the event of an emergency, natural disaster or power outages.

Philanthropy and Volunteering to Sustain Our Community

The Company, and its exceptional people, demonstrate their generosity and respect throughout the year by supporting many different causes. Bank of Hawai'i, its employees, and the Foundation contributed nearly \$3.4 million to community and philanthropic causes in 2022.

Kōkua for Community

Bank of Hawai'i's Live Kōkua Giving Campaign is the Company's biggest annual employee-giving event. During the 2022 campaign, employees raised more than \$569,000 in partnership with Aloha United Way, which serves more than 300 nonprofits. Themed #BankohCares, over 90% of the bank's employees participated during the campaign, which ran from October 11 to December 12, in an effort to make a difference for some of the most vulnerable in our communities.

Bank of Hawai'i Foundation also supports hundreds of nonprofits in its local community. In addition, employee-volunteers (known as our Bankoh Blue Crew) participate in our Live Kōkua Volunteer Program for hands-on community service activities.

Highlights from Bankoh Blue Crew in the Community:

- Trees for Kaimukī – Nearly 40 volunteers helped to remove shrubs and plant trees at areas near Diamond Head Monument.
- Hawai'i Foodbank – Nearly 30 volunteers packed meal kits for Hawai'i's kūpuna (or senior population).
- Goodwill Goes GLAM! – More than 30 volunteers provided reception, sales and service support at the beloved annual fundraiser, which raised \$300,000 to help people live independently
- The Institute for Human Services, Inc. – Volunteers donated their time each month to serve food at both men and women's shelters.
- Salvation Army Thanksgiving Dinner – 10 volunteers helped serve meals to individuals and families at this popular event, which returned in-person after a two-year hiatus.

Bank of Hawai‘i Foundation

- Hawai‘i Foodbank – \$50,000 donated to help innovate food systems as well as tracking and reporting for increased food sustainability.
- Aloha United Way – Continued support for Hawai‘i’s Asset Limited, Income Constrained, Employed (“ALICE”) households.
 - ALICE Initiative – donated \$600,000, or \$200,000 each year for three years, beginning in 2022 to help Hawai‘i’s ALICE population achieve greater economic mobility and access to safe housing.
 - ALICE Report – donated \$97,500 to assess the financial well-being through surveys of Hawai‘i’s population.
- Honolulu Museum of Art – donated \$100,000 for the return of in-person Family Sundays and free admission to the general public.
- PBS Hawai‘i – \$100,000 to support statewide student learning in video production and broadcast and digital programing.
- Hawai‘i Community Action Program – donated \$20,000 to support community programs, which help individuals and youth achieve self-reliance.
- Institute for Human Services – donated \$40,000 to install a security system for ‘Imi Ola Piha, the nonprofit’s new homeless triage and transfer center
- Goodwill Goes GLAM! – donated \$30,000 to support an annual event, which raised \$300,000 for programming to help Hawai‘i residents live independent lives and increase their economic mobility.
- KUPU Hawai‘i – \$25,000 to support Ho‘okupu Center programs for youth.

Continued Support for ALICE in Hawai‘i: 2022 Facts and Figures

Bank of Hawai‘i Foundation has been sponsoring the ALICE Report on behalf of the Aloha United Way since 2018. In 2022, Bank of Hawai‘i Foundation provided a grant of \$97,500 to sponsor *ALICE in Hawai‘i: 2022 Facts & Figures*. The report focuses on the ALICE population, with data results based on a statewide survey of nearly 2,400 Hawai‘i residents from July to September. Its findings reveal information about who is struggling in Hawai‘i, and is used to inform and impact decision-making at the state and county levels.

In response to the first 2018 ALICE Report, the ALICE Initiative was designed to find solutions toward a more equitable Hawai‘i. Bank of Hawai‘i Foundation, among other partners, has pledged support for the next three years. Since 2018, more than 14,000 households have received access to services, and it’s our honor to continue this important work.

The 2022-2024 ALICE Fund invests in the ALICE Cohort Initiative, which includes 17 nonprofits collectively working to develop and implement impactful and scalable programs to help O‘ahu’s ALICE households. It is overseen by Aloha United Way and Hawai‘i Community Foundation. Bank of Hawai‘i Foundation is one of many supporting the 2022-2024 ALICE Fund over three years. This Initiative raises awareness about a huge, but sometimes hidden, segment of our community who are struggling to afford basic necessities.

Celebrating 125 Years in Business by Supporting the Community

Leading up to Bank of Hawai‘i’s 125th anniversary in December 2022, the Company celebrated with a yearlong campaign. With a focus on supporting the community through sustainability, Bank of Hawai‘i partnered with 12 nonprofits to plant more than 6,500 trees, over 125 trees per week, throughout 2022. Bank of Hawai‘i’s 125th anniversary tree planting pledge totaled \$126,202, with \$111,000 donated to eight Hawai‘i nonprofits and \$15,202 to Guam, Saipan and Palau nonprofits. These organizations planted trees statewide across Hawai‘i, as well as Guam, Saipan and Palau, and reflect all the island communities the bank serves. This initiative culminated on Arbor Day on November 5, when hundreds of bank volunteers planted 2,000 native trees and plants at the Wai‘anae Kai Forest Reserve for Bank of Hawai‘i’s annual Community Service Day.

In addition, Bank of Hawai‘i Foundation gave each employee the opportunity to select a nonprofit to receive \$125. The initiative, called “Aloha for Community,” resulted in a contribution totaling \$218,750 to nonprofits across Hawai‘i and the West Pacific region. Employees selected 237 nonprofits, whose missions span a wide range of causes, from food security to animal welfare to medical access.

In total, Bank of Hawai‘i donated nearly \$345,000 to the community in celebration of its 125th anniversary campaign.

Celebrating Diversity and Cultural Awareness

The Company is a long-time sponsor of the Honolulu Rainbow Film Festival, and in 2021 renewed a four-year sponsorship of the Hawai'i LGBT Legacy Foundation to support the Honolulu Pride Festival & Parade. The donation supports not only the festival and parade, but helps to fund other program initiatives of the Hawai'i LGBT Legacy Foundation. In previous years, our employees have turned out in big numbers to show their support by walking in the parade. 2022 saw the return of the festival and parade in-person after a hiatus during the pandemic. Over 300 employees with family and friends came out in support and celebration of Pride. In an effort to contribute to the progress and advancement of ensuring an inclusive, collaborative and respectful workplace, Bank of Hawai'i's Diversity, Equity, Inclusion and Belonging Program supports employee-led Employee Resource Groups ("ERGs"). Our Women Inspired ERG works to empower, support and educate on issues important to women at work, home and in the greater community. Our RainBOH ERG celebrates coming to work with pride, encourages allies to become visible, and educates on issues related to the LGBTQ+ community. Our Blue Brigade Military ERG engages in service and networking opportunities that serve the needs of service members, veterans and military families. Our Native Hawaiian ERG was launched in 2022 to create opportunities for Native Hawaiians and allies to connect in dialogue and culture. These four ERGs sponsored over 17 community and employee engagement programs, and brought together nearly 800 employees, family and friends to join in fellowship, advancement and support of each other and the community. All of the ERG-sponsored programs aim to foster a sense of belonging among Bank of Hawai'i's employees and further the Company's diversity, equity, inclusion and belonging goals.

Women Inspired ERG:

- Nearly 70 official members – both women and men employees – with most membership on O'ahu, including participants on neighbor islands and the West Pacific region.
- Activities range from networking and professional development to community service and support of other women in the greater community.
- In May 2022, a 10-person, all-women volunteer team participated in day-long "Wahine Build" and gave a \$5,000 donation to Honolulu Habitat for Humanity.
 - Volunteers spent 6 hours completing work on the Gramberg Family Home, which included framing doors, installing closet shelves, caulking windows and interior and exterior joints, and generally preparing the home for painting.
 - In October, the Bank of Hawai'i Wahine Build team was invited to return to the completed Gramberg Family Home to attend a special home dedication and meet the family on the day they were given the keys to their new house.
- Ma'i Movement Period Kits
 - During Women's History Month in March, the Women Inspired ERG partnered with Webco Foundation to purchase menstrual products to assemble Period Care Kits for the nonprofit Ma'i Movement, to distribute to menstruators in-need throughout the State of Hawai'i. The project was so popular at Bank of Hawai'i that the Women Inspired ERG undertook another round of assembling Period Care Kits in the fall.
 - Over 85 volunteers participated in planning the project, sourcing and/or donating menstrual products, distributing the supplies, and making the Period Care Kits.
 - 1,960 Period Care Kits were assembled and Ma'i Movement distributed them to homeless shelters and housing projects, health centers, and schools on Kaua'i, Moloka'i and O'ahu.
- Mentoring Program
 - The Women Inspired ERG developed and directed a 6-month long Mentoring Program, open to both mentor and mentee applicants enterprise-wide. Of the 56 respondents expressing interest, 5 mentee applications were selected and paired with 5 mentors.
- "Road Less Traveled: Lessons Learned Along the Way" speaker panel and pau hana
 - The Women Inspired ERG rounded out the end of 2022 by hosting a panel discussion on leadership and career progression with women executives and business leaders in the community sharing their experiences and knowledge to 73 attendees.

Blue Brigade Military ERG:

- Coming full-circle from the November 2021 Veterans Build with Honolulu Habitat for Humanity, the Blue Brigade was invited to attend a special home dedication for the Young Family, who received the keys to their new home. The homeowners Lloyd and Enid Young had been on the waitlist for a Department of Hawaiian Home Lands property since 1971. Lloyd is a U.S. Navy Veteran, having served for 4 years and stationed in Pearl Harbor on the USS Radford.
- In May, during Military Appreciation Month, the Blue Brigade invited a professional mental health care provider to speak at its "Mental Strength: A Discussion on Managing Stress" event. The discussion helped to break down misconceptions around mental health and provide tips and resources for employees.

- In response to reports of food insecurity among military families, the Blue Brigade planned a food drive and purchased vouchers for hams and turkeys from a local grocery store during Veterans Appreciation Month in November. Seventeen Blue Brigade volunteers came together to create 15 food baskets for military families. The baskets and any extra donated food items were given to the Armed Services YMCA to distribute to families in need.

RainBOH LGBTQ+ ERG:

- AIDS Walk and Pride Community Picnic
 - Over 30 volunteers participated in Hawai'i Health & Harm Reduction Center's AIDS Walk and the Hawai'i LGBT Legacy Foundation's Pride Community Picnic, which returned to in-person in 2022.
 - Volunteers passed out flags to walkers as part of a memorial to those who have passed from AIDS in the "Field of Remembrance."
- Honolulu Pride Parade and Festival
 - Over 300 employees, friends and family came out to march in the parade.

Native Hawaiian ERG:

- Launched in 2022 with a service project at Paepae O He'eia
 - 47 volunteers, along with friends and family, donations supplies to the nonprofit and a day of labor at the Native Hawaiian fish pond.
 - Volunteers removed limu from the shoreline, cleared invasive mangrove, and built and re-enforced the rock wall to the fish pond.

Employee Learning

Bank of Hawai'i's substantial training and career advancement programs target professional development and personal growth, which include our Fostering Workplace Excellence and other employee development programs. Bank of Hawai'i continued to invest in people development in 2022. Employees attended a total of 8,715 hours in formal learning events on core employee or leadership skills development. In addition, select employees completed 6,700 development hours under the various leadership development programs the company provides.

Investing in Our Employees

In 2016, Bank of Hawai'i launched its College Assistance Program ("CAP") to give employees striving to obtain their first four-year bachelor's degree access to a college education and tuition reimbursement. CAP gives employees the convenience and flexibility to study where, when, and what they desire by allowing them to choose from a variety of select majors at Chaminade University of Honolulu. Their choice of majors need not relate to their current position. CAP also gives employees the option to pursue an accelerated online Associate of Arts degree through the University of Hawai'i's Community Colleges. When the program began in 2016, there were three participants. The program has been very successful and popular, with five employees who have earned their associate's degree, 11 employees who have earned their bachelor's degree, and 79 unique participants with \$324,406 reimbursed to employees for the cost of their education. The Company's Tuition Assistance Program ("TAP") is aimed at assisting employees in completing job-related courses at any accredited school. The TAP program had 23 participants and \$61,369 reimbursed to student employees in 2022. Another educational assistance program offered is the Professional Certification Program managed by each department for their employee certification needs.

Bank of Hawai'i also offers a Student Loan Assistance Program for employees. Student loan debt is a significant impediment to a key demographic sector of our national community. This program provides \$100 per month, up to a lifetime maximum of \$10,000, for an individual employee's student debt. At year-end 2022, we had more than 140 employees enrolled in this program. Our employee savings product, known as the GROW Account encourages our employees to build an emergency savings nest egg. Through these special accounts, we offer a \$50 bonus to our employees when they reach \$500 in savings in their GROW Account. We offer an additional \$100 bonus to those employees who save an additional \$500.

Our Employee Mortgage Program provides our employees with a discount of up to 1% off of prevailing market rates for their primary residences. This is an attractive retention tool for Bank of Hawai'i given the high cost of housing on our islands.

Investing in Our Future

For the 2022 through 2023 academic year, the Foundation supported 25 college scholarships totaling \$85,750 for children and grandchildren of Bank of Hawai'i employees. Since 2014, the Foundation has provided \$876,750 to fund 251 college scholarships. These scholarships reflect our commitment to help our employees and their families reduce the financial burdens of post-high school education. We believe this investment will enable a better future and the next generation of our world's and Hawai'i's leaders.

Supporting Our Native Hawaiian Community

Bank of Hawai‘i is proud of our longstanding commitment to our Native Hawaiian community as well as our greater community in Hawai‘i. Bank of Hawai‘i continued its support of the Council of Native Hawaiian Advancement’s annual conference, Hulihiia, in 2022 and introduced a new Native Hawaiian Employee Resource Group in September with a community service project at Paepae O He‘eia Fishpond. Bank of Hawai‘i is also proud to partner with the Hawai‘i Executive Collaborative in its movement entitled Restoring Hawai‘i’s Soul. In alignment with other organizations in Hawai‘i, Bank of Hawai‘i sponsored a facilitator to be certified in the program and launched a Rediscovering Hawai‘i’s Soul event in December for executive leadership, with further expansion plans in 2023.

Outreach to the Unbanked and Underbanked

Bank of Hawai‘i was the first local bank to offer an alternative to traditional checking accounts in Hawai‘i, beginning in April 2015. EASE by Bank of Hawai‘i combines convenience and access, is FDIC-insured and is among the lowest-fee bank accounts in the U.S.

EASE by Bank of Hawai‘i recently received national certification from the Cities for Financial Empowerment Fund (“CFE Fund”) the Bank On National Account Standards (2021-2022). CFE Fund is dedicated to providing consumers with safe and affordable accounts, and the Bank On standards were created by consumer advocates, national nonprofits, civic leaders and others to designate account features that ensure low cost, high functionality and consumer safety. Bank On’s goal is to ensure that everyone has access to a safe and affordable bank or credit union account, and EASE by Bank of Hawai‘i is one of only two deposit account products in Hawai‘i to receive this national certification.

With no checks to return, customers do not incur overdraft fees. Customers are also given a free Visa debit card and free access to over 300 Bank of Hawai‘i and partner ATMs, do not have direct deposit requirements or monthly service fees if they elect to receive online statements, and are allowed to open an account with a deposit of just \$25. They also receive free 24/7 Bankoh by Phone, mobile banking and e-Bankoh online banking services. We continue to see strong demand for our EASE product, and are pleased to meet the needs of the unbanked and underbanked in the communities we serve.

Assisting Communities with Their Financial Needs

Bank of Hawai‘i continues to build long-term relationships throughout the communities we serve through education. For the past 12 years, the Company has been offering our SmartMoney financial education seminars, which cover a variety of financial topics, such as how to save and invest and purchase a first home. In 2022, 517 bankers volunteered to teach financial education classes on critical topics including identity protection, budgeting, financing college, and credit. Our volunteers taught at 30 schools, where greater than 50% of its students were from families qualifying for a free or reduced price lunch. Every year since 2010, Bank of Hawai‘i employees have partnered with Goodwill Hawaii’s Volunteer Income Tax Assistance Program. In 2022, 29 employees became IRS-certified for the 2022 season and accepted in the Consumer Financial Protection Bureau Tax Time Initiative Cohort. Bank volunteers prepared 95 tax filings that resulted in over \$126,000 in refunds back to the community. Eleven volunteered at Goodwill Hawaii; providing free tax preparation to eligible taxpayers. This was the first time in the 12 years we had representation on four of the major Hawaiian Islands.

Empowering Youth

The Foundation continued its ongoing sponsorship of PBS Hawai‘i’s HIKI NŌ, the groundbreaking student news program and statewide digital media learning initiative to support its programming, which transformed its practices to meet social distancing guidelines. The Foundation’s investment dates back to the launch of HIKI NŌ in 2011. Since then, Hawai‘i’s HIKI NŌ schools have gained the reputation of being formidable competitors at rigorous national journalism contests, including the prestigious Student Television Network Convention in Seattle, Washington.

As a partner with ClimbHI Hawaii, Bank of Hawai‘i is a member of the ClimbHI Bridge that seeks to provide Hawai‘i’s students with career exploration opportunities and connect them with companies and organizations to serve as resources and points of insight into those explorations, including financial education and career advice. In 2019, as part of the founding group of supporters, the Foundation helped fund the effort, which aided the organization’s launch in 2020 amidst the COVID-19 pandemic. Whether contributing financially, participating in virtual career fairs with local middle schools, mentoring high school students or assisting with business class projects, the Foundation is proud to support our students in their academic pursuits.

For the past 12 years, Bank of Hawai‘i has been partnering with nonprofit EPIC ‘Ohana’s Hawai‘i Youth Opportunities Initiative to offer financial education and services to foster teens. Foster youth have a high propensity for pregnancy, incarceration, homelessness and low college graduation rates due primarily to a lack of social network. Through the Opportunity Passport Program, teens from foster families are able to open matched Individual Development Account (“IDA”) savings accounts, where every dollar saved is matched by donors up to \$1,000 annually (up to a maximum of \$3,000). The funds may be withdrawn between the ages of 14 to 26 and have enabled young people to help pay for college education, housing and transportation. Since 2010, under the Hi Hopes Program (f/k/a Opportunity Passport), Bank of Hawai‘i has opened 1,009 IDAs as well as EASE accounts. A donation of \$1.48 million has enabled former foster youth to pay for necessary expenses such as housing or education on O‘ahu or transportation on the neighbor islands.

Bank of Hawai‘i volunteers have been advising young entrepreneurs and improving financial literacy through decades of partnership with Junior Achievement. In 2022, 90 Bank employees, from Guam to Hilo, volunteered to facilitate lessons or serve as advisors for the company program.

Housing for Our Community

Honolulu continues to be one of the most expensive cities in the U.S., and with a shortage of affordable rental homes across Hawai‘i, the adverse impacts of the COVID-19 pandemic make the availability of affordable and workforce housing more important than ever.

In 2022, over 550 affordable housing units (206 on O‘ahu, 214 on Maui, 92 on Hawai‘i Island, and 48 on Kaua‘i) started construction or rehabilitation thanks in part to Bank of Hawai‘i, and over 1,000 more units are in the pipeline. We are committed to investing in new opportunities to create more homes across the state, including these recent developments on three different islands.

Bank of Hawai‘i worked with nonprofit developer Ikaika Ohana and Urban Housing Communities to support the Kaiāulu o Kūku‘ia project in Lahaina, Maui. The 200-apartment homes made up of 25 two-story eight-plex buildings will include 100 two-bedroom, 75 three-bedroom and 25 four-bedroom units of affordable workforce housing for families in west Maui County earning 60% or less of the median income. Located on state land leased purposefully for the creation of affordable housing, this community is designed to be sustainable and energy efficient, with cost savings for residents. Groundbreaking was held in July 2022.

Bank of Hawai‘i assisted nonprofit developer EAH Housing with a 92-unit affordable senior community residence in Hilo for veterans, surviving spouses and other income-qualified seniors. Construction started in November 2022 for the Hale Nā Koa ‘O Hanakahi development on Hawai‘i Island, designed for people 62 years or older, serving households earning 30% to 80% of the area median income. The project is the residential component of a master planned, full service complex that will also later include a veterans’ center and a community-based outpatient clinic. Bank of Hawai‘i Foundation separately gave EAH a \$25,000 grant.

We are also a committed equity investor in Low-Income Housing Tax Credits (“LIHTC”) projects across the state as well as in the Commonwealth of the Northern Mariana Islands/Saipan. For example, in 2022, Bank of Hawai‘i invested more than \$20 million in LIHTC to support the development of Ikaika Ohana’s Kaiāulu o Kūku‘ia affordable housing development in Lahaina, Maui.

COMMITMENT TO ENVIRONMENTAL SUSTAINABILITY IN THE WAY WE DO BUSINESS

Bank of Hawai‘i seeks out projects that advance our overall environmental strategy, such as those that support renewable energy projects. Building sound environmentally minded investments into our portfolio reduces risk, increases our value to investors and allows us to pursue our own initiatives to reduce our impact on the environment through internal or employee initiatives.

Bank of Hawai‘i is constantly improving its operations to proactively find more efficient and effective ways to ensure both the long-term success of the Company and the continued vitality of the communities it serves. Through its modernization efforts, the Company is helping to do its part in offsetting the negative impacts of climate change. The impacts of climate change, such as extreme weather conditions, natural disasters and rising sea levels, are of significant concern to the Bank, its operations, as well as those of its customers and third party vendors upon which it relies.

Financing the Future

The Company actively participates in the financing of photovoltaic/energy savings projects. The Company currently is a lender in a variety of renewable energy projects with over \$150 million committed to these initiatives as of December 31, 2022. Bank of Hawai‘i continues to seek out other opportunities in this sector and is a leader in these financing initiatives.

Progressing Towards Environmental Sustainability

In 2022, Bank of Hawai‘i continued to focus its efforts on Building Management Systems (“BMS”) as part of renovations or scheduled infrastructure upgrades. Through these upgrades, we are able to implement customized solutions that maximize energy conservation. This year we continued BMS optimization at our corporate headquarters and new installations at our Hilo, Kahului and Waimea Branches. Our energy initiatives to date have resulted in 74% of our building area with management systems in place.

Bank of Hawai‘i also participates in Hawaiian Electric Company’s Demand Response Program at our two largest facilities. Through this participation, the Company receives incentives to reduce its usage during periods of island-wide peak demand, helping to preserve the reliability of the electrical grid and reduce the need for more electrical generation equipment.

Reducing energy consumption remains one of our top priorities, and we have achieved year-over-year demand reduction. In recent years, we have completed many impactful initiatives throughout the Bank of Hawai‘i network, including photovoltaic installation with battery storage, BMS installations and upgrades and infrastructure modernization.

Our “Branch of Tomorrow” design principles continue to be used in our renovations. These focus on more efficient use of space, portable computing platforms to allow the tellers to reach out directly with customers and reduce queue times, and upgraded ATMs that allow direct deposit of cash and checks along with simplified transaction handling. Staff lunchrooms have been outfitted with point-of-use hot water dispensers to replace water heaters, microwave ovens to replace stoves and cook-tops, as well as large-screen LED monitors that allow for remote, online meetings and training sessions, which reduce energy usage and staff travel requirements. Along with its conservation efforts, Bank of Hawai‘i is committed to renewable energy resources, and has made this an integral part of the modernization project at its branches and other facilities. The Company now has photovoltaic installation on over 60% of owned branches and buildings. This includes three large photovoltaic systems (561kW, 350kW and 100kW) at its main facilities. Combined, our PV networks have the capacity to create 3.4 Megawatt hours of energy annually.

Bank of Hawai‘i greatly improved its ability to respond to in-area natural disasters by relocating our disaster recovery data center to the continental U.S., enabling greater data protection while reducing our carbon footprint. Our partner on the continent has been running on 100% renewable energy since January 2016, and is the only major data center provider to receive an ‘A’ grade by Greenpeace in all five of their data center grading categories.

Reducing Waste

Reducing the amount of paper used in the workplace is part of Bank of Hawai‘i’s office transformation initiative. The Company strives for optimum performance in our digital environment and we anticipate this sustainability effort will have environmental, efficiency and cost-reduction benefits. We are currently imaging old paper records, which reduces costly storage expenses, and we are moving toward contemporaneously imaging current records, reducing the amount of paper required. Bank of Hawai‘i has also implemented several enterprise-wide digital and cloud-based solutions to help facilitate this initiative.

Encouraging Public Transportation and Bicycle Use

Bank of Hawai‘i offers a Bus Pass Benefit Program for its employees on O‘ahu, reducing the cost of a monthly bus pass from \$70 to \$30 (on a pre-tax basis) for participating employees 64 years and younger. Employees 65 and older receive \$30 towards the purchase of a \$35 senior annual Bus Pass. All active full-time and part-time employees who ride the bus as a primary source of transportation to and from work are eligible for the benefit. During 2022, more than 240 employees took advantage of this benefit, resulting in an annual commitment by the Company of close to \$100,000 towards reducing greenhouse gas emissions.

Bank of Hawai‘i also offers employees up to \$20 per month as reimbursement for reasonable expenses if an employee uses a bicycle regularly for commuting to work. Reasonable expenses include the purchase of a bicycle as well as continuing maintenance, repair and storage.

BOARD COMMITTEES AND MEETINGS

The Board met 10 times during 2022. The Board's policy is that directors should make every effort to regularly attend meetings of the Board and committees on which they serve and the Company's Annual Meeting of Shareholders. Each director attended at least 75% of the meetings of the Board and 75% of the committee meetings on which he or she served in 2022. All of the Company's then sitting directors attended the 2022 Annual Meeting of Shareholders.

Board Committees

The Board has three standing committees: the Audit & Risk Committee, the Human Resources & Compensation Committee, and the Nominating & Corporate Governance Committee. The charters for the respective Board committees are posted in the Investor Relations page of the Company's website at www.boh.com.

The Board has affirmatively determined that all of the members of the Audit & Risk, Human Resources & Compensation, and Nominating & Corporate Governance Committees (collectively the "Board Committees") meet the independence standards of the NYSE and the Company's Governance Guidelines. The Board Committees' charters require that each committee perform an annual evaluation of its performance and assess the adequacy of its charter. Each committee has the authority to retain consultants and advisors to assist in its duties, including the sole authority for the retention, termination and negotiation of the terms and conditions of the engagement.

Below are the members of each current standing committee.

Audit & Risk Committee: 8 Meetings in 2022

The Audit & Risk Committee operates under and annually reviews a charter that has been adopted by the Board. The Audit & Risk Committee's duties include assisting the Board in its oversight of the following areas of the Company: regulatory and financial accounting, reporting and credit risk management; compliance with legal and regulatory requirements; the independent registered public accounting firm's qualifications and independence; and the performance of the Company's internal audit and credit review functions and independent registered public accounting firm. The Audit & Risk Committee also provides oversight of management's activities with respect to capital management and liquidity planning, including dividends and share repurchases, and overall interest rate risk management. In addition, the Audit & Risk Committee meets in private session at the conclusion of every regularly scheduled meeting to provide a confidential forum for identification and discussion of issues of importance to the Company. The Audit & Risk Committee also meets with non-member directors on a regularly scheduled basis to brief them on the content and issues discussed at the previous meeting.

The Board has determined that Messrs. Burak, Erickson, Nichols, Vara, and Ms. Moy meet the definition of "financial expert" within the meaning of the SEC regulations adopted under the Sarbanes-Oxley Act of 2002. The Board has determined that all Audit & Risk Committee members meet the NYSE standard of financial literacy and have accounting or related financial management expertise. In addition, the Board has determined that Messrs. Burak, Erickson, and Nichols meet the definition of "risk expert" under the Federal Reserve Bank rules implementing Section 16 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and 12 CFR 252.22(d)(1).

The Audit & Risk Committee has adopted policies and procedures governing the following: pre-approval of audit and non-audit services; the receipt and treatment of complaints regarding accounting, internal controls, or auditing matters and the confidential, anonymous submission of information by employees of the Company regarding questionable accounting or audit matters; and restrictions on the Company's hiring of certain employees of the independent registered public accounting firm. The Audit & Risk Committee is also responsible for reviewing Company transactions involving a director or executive officer. The Audit & Risk Committee Report is located on page 72.

Human Resources & Compensation Committee: 9 Meetings in 2022

The Human Resources & Compensation Committee's duties are set forth in its charter, and include responsibility for compensation levels of directors and members of executive management and reviewing the performance of executive management. The Human Resources & Compensation Committee reviews and approves goals and objectives relevant to CEO compensation, and evaluates performance against those goals. It is also their responsibility to review the Company's long-term and short-term incentive compensation plans, equity-based plans, and deferred compensation programs. The Human Resources & Compensation Committee also reviews management development and training programs as well as succession planning for senior and executive management. The Human Resources & Compensation Committee charter allows for the delegation of its duties to its own subcommittee as long as such delegation is in compliance with all applicable laws, rules, and listing standards. The CEO makes recommendations with respect to non-CEO executive officer compensation. The Human Resources & Compensation Committee Report is located on page 35.

Nominating & Corporate Governance Committee: 7 Meetings in 2022

The Nominating & Corporate Governance Committee's duties are set forth in its charter and include reviewing the qualifications of all Board candidates and recommending qualified candidates for membership on the Board and the oversight of director continuing education opportunities. The Nominating & Corporate Governance Committee reviews the Board's organization, procedures and committees and makes recommendations concerning the size and composition of the Board and its committees. The Nominating & Corporate Governance Committee makes recommendations to the Board regarding standards for determining non-management director independence and reviews the qualifications and independence of the members of the Board and its committees. The Nominating & Corporate Governance Committee also reviews and evaluates the Company's compliance with corporate governance requirements and leads and oversees the Board and its committees' annual performance evaluations. Further information regarding the responsibilities performed by the Nominating & Corporate Governance Committee and the Company's corporate governance is provided in the committee charter and the Governance Guidelines.

DIRECTOR COMPENSATION

Retainer Fees

In the second quarter of 2022, the Audit & Risk Committee (“ARC”) retainer fees were decreased due to the discontinuation of special COVID-19 ARC meetings. The annual retainer for ARC members decreased from \$22,100 to \$17,000, the annual retainer for the Chair of the ARC decreased from \$39,000 to \$30,000, and the annual retainer for the Vice Chair of the ARC decreased from \$32,500 to \$25,000. Also in the second quarter of 2022, the Human Resources & Compensation Committee (“HR Comp”) annual retainer for the Chair of HR Comp increased from \$21,000 to \$24,000. The Board and Nominating & Corporate Governance Committee fees were unchanged from 2021. The Board approved the following retainer fees effective April 29, 2022:

- An annual retainer for service on the Board of \$55,000;
- An annual retainer for the Lead Independent Director in the amount of \$35,000;
- An annual retainer for the Nominating & Corporate Governance Committee members in the amount of \$10,000 and annual retainer for the Chair of the Nominating & Corporate Governance Committee in the amount of \$20,000;
- An annual retainer for Audit & Risk Committee members in the amount of \$17,000, an annual retainer for the Chair of the Audit & Risk Committee in the amount of \$30,000, and an annual retainer for the Vice Chair of the Audit & Risk Committee in the amount of \$25,000; and
- An annual retainer for Human Resources & Compensation Committee members in the amount of \$12,000 and an annual retainer for the Chair of the Human Resources & Compensation Committee in the amount of \$24,000.

In addition to these standing committees, the Board has other committees for which directors received fees in 2022. Messrs. Feldman, Lucien, Mills and Nichols and Mmes. Hulst and Tokioka are members of the Digital Advisory Committee (“DAC”). Ms. Apoliona and Messrs. Feldman and Lucien are members of the Board-appointed Benefit Plans Committee (“BPC”), and Mmes. Apoliona, Moy, Tanabe, and Tokioka and Messrs. Lucien and Wo are members of the Fiduciary Investment Management Committee (“FIMC”). Effective April 29, 2022, it was determined that the DAC and the FIMC retainers be increased. The annual retainer for DAC members increased from \$7,500 to \$10,000 and the annual retainer for the Chair of the DAC increased from \$12,500 to \$20,000. The annual retainer for FIMC members increased from \$9,500 to \$10,000 and the annual retainer for the Chair of the FIMC increased from \$15,500 to \$20,000. The annual retainer fees for HR Comp members and the retainer fees for BPC members remain unchanged at \$12,000 and \$6,500, respectively.

The Directors are reimbursed for Board-related travel expenses, and directors who reside principally on the continental U.S. receive an additional \$5,000 annually to compensate them for travel time, which remains unchanged from last year.

Director Stock Plan

The shareholders approved the 2015 Director Stock Compensation Plan (the “Director Stock Plan”) at the 2015 annual meeting. The purpose of the Director Stock Plan is to advance the interests of the Company by encouraging and enabling eligible non-employee members of the Board to acquire and retain throughout each member’s tenure as director a proprietary interest in the Company by owning shares of Bank of Hawai‘i Corporation common stock. The Director Stock Plan allows for the granting of stock options, restricted common stock, and restricted stock units. Under the Director Stock Plan, the Board has the flexibility to set the form and terms of awards. The Board receives an annual equity compensation value of \$65,000. Based on the fair market value on the date of grant in April 2022, each of the non-employee Board members was given a stock award of 875 shares of restricted common stock (“Restricted Shares”) with a vesting date of April 21, 2023. In 2022, no stock options or restricted stock units were granted under the Director Stock Plan.

Directors’ Deferred Compensation Plan

The Company maintains the Directors’ Deferred Compensation Plan (the “Directors’ Deferred Plan”), under which each non-employee director may participate and elect to defer the payment of all of his or her annual Board and committee retainer fees, or all of his or her annual Board retainer fees, or all of his or her annual committee retainer fees. At the director’s choice, deferred amounts under the Directors’ Deferred Plan may be payable: 1) beginning on the first day of the first month after the participating director ceases to be a director of the Company; or 2) on an anniversary date of the director’s choosing after the director ceases to be a director; or 3) a date specified by the director (which may include a date prior to the date a director ceases to be a director). Deferred amounts are paid to the participant in a lump sum or in equal annual installments over such period of years (not exceeding 10 years) as the participant elects at the time of deferral. If a participant dies, all deferred and previously unpaid amounts will be paid in a lump sum to the participant’s beneficiary on the second day of the calendar year following the year of death. A participant’s deferred amounts are adjusted for appreciation or depreciation in value based on hypothetical investments in one or more mutual funds or in shares of Bank of Hawai‘i Corporation common stock, as may be directed by the participant. The Company’s obligations under the Directors’ Deferred Plan are payable from its general assets, although the Company has established a rabbi trust to assist it in meeting its liabilities under the plan. The assets of the trust are at all times subject to the claims of the Company’s general creditors.

Director Stock Ownership Guidelines

The Board believes it is important to support an ownership culture for the Company's directors, employees and shareholders. To ensure that linkage to shareholders among the fiduciaries of the Company each non-management director is required to own a minimum amount of five times his or her annual cash retainer in Bank of Hawai'i Corporation common stock. Directors are given five years from first joining the Board to achieve guideline levels of ownership. As of January 31, 2023, 10 of the 13 non-management directors standing for re-election have satisfied the ownership guidelines. The three remaining directors are expected to satisfy the ownership guidelines within the required five-year period.

Director Compensation

The following table presents, for the year ended December 31, 2022, information on compensation earned by or awarded to each non-employee director who served on the Board of Directors during 2022. Mr. Ho did not receive any additional compensation for services provided as a director.

- (1) Mmes. Apoliona and Hulst and Messrs. Burak, Lucien, Mills, Nichols, and Wo elected to defer all of their respective fees earned in 2022. Ms. Tanabe elected to defer all of her Board retainer fee only. Ms. Tokioka elected to defer all of her committee retainer fees only.
- (2) The amounts in this column reflect the fair value of the restricted stock on the dates of grant. On April 29, 2022, the Company issued grants of 875 shares of restricted common stock to each of the non-management directors, each grant having an aggregate fair value of \$65,047 based on the closing price of the Company's common stock of \$74.34 on the date of the grant; 100% of the grant will vest on April 21, 2023. As of December 31, 2022, each director had the following number of restricted stock awards accumulated in their accounts (which excludes options exercised and held as common stock in their accounts): Ms. Apoliona, 14,535 shares; Mr. Burak, 875 shares; Mr. Erickson, 875 shares; Mr. Feldman, 875 shares; Ms. Hulst, 875 shares; Mr. Lucien, 875 shares; Mr. Mills, 875 shares; Ms. Moy, 875 shares; Mr. Nichols, 875 shares; Ms. Tanabe, 875 shares; Ms. Tokioka, 875 shares; Mr. Vara, 875 shares; and Mr. Wo, 19,675 shares.
- (3) No option awards were granted in 2022. As of December 31, 2022, no director had outstanding options to purchase shares of the Company's common stock.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act provides shareholders the opportunity to vote, on an advisory (non-binding) basis, to approve the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's compensation disclosure rules.

As an advisory vote, this proposal is not binding upon the Company. However, the Human Resources & Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders and considers the outcome of the vote when making future compensation decisions for its executive officers. The Company currently conducts annual advisory votes on executive compensation. The Company's shareholders approved its executive compensation at the 2022 Annual Meeting of Shareholders.

As described in the Compensation Discussion and Analysis, the primary focus of the Company's executive compensation programs is to encourage and reward behavior that the Board believes will promote sustainable growth in shareholder value, and to promote gender pay equity. Our executive compensation programs are intended to balance risk and reward in relation to the Company's overall business strategy and further align management's interests with shareholders' interests. The Company's commitment to a performance culture is reflected in its strong financial performance in recent years. Accordingly, the Board of Directors recommends that shareholders approve the executive compensation programs by approving the following advisory resolution:

RESOLVED, that the shareholders of Bank of Hawai'i Corporation approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Company's 2023 proxy statement pursuant to the compensation disclosure rules of the SEC, which disclosure includes the Compensation Discussion and Analysis section, the compensation tables, and the accompanying footnotes in this proxy statement.

The Board of Directors recommends a vote "FOR" the foregoing proposal.

HUMAN RESOURCES & COMPENSATION COMMITTEE REPORT

The Human Resources & Compensation Committee, composed entirely of independent directors in accordance with applicable laws, regulations, NYSE listing requirements and the Governance Guidelines, sets and administers policies that govern the Company's executive compensation programs, and various incentive and stock programs. As members of the Human Resources & Compensation Committee, we have reviewed and discussed the Compensation Discussion and Analysis to be included in the Company's 2022 Proxy Statement with management and, based on these discussions, recommended to the Company's Board (and the Board subsequently approved the recommendation) that the Compensation Discussion and Analysis be included in such Proxy Statement.

As submitted by the members of the Human Resources & Compensation Committee,

Robert W. Wo, Chairman

Joshua D. Feldman

Michelle E. Hulst

Elliot K. Mills

Barbara J. Tanabe

Raymond P. Vara, Jr.

Compensation-Related Highlights

• 2022 Compensation Program

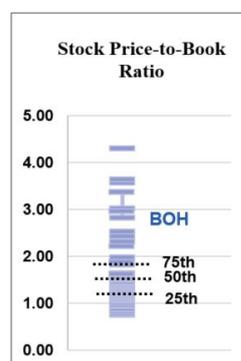

- Short- and long-term incentive plans are 100% performance-based.
- The CEO's short-term incentive plan provides for 80% quantitative and 20% qualitative performance measures.
- The long-term incentive plan provides for a three-year performance period, with 3-year cliff vesting
- The short- and long-term incentive plan quantitative performance metrics are measured relative to the identified peer group performance and are not absolute.
- Approximately 80% of CEO total compensation (salary, stock awards (long-term incentives), non-equity incentive plan compensation (short-term incentives), and all other compensation) is performance-based.
- Significant stock ownership requirements (5x base salary for CEO and 2x base salary for other NEOs).

• Strong Operational Performance

- Return-on-Common-Equity and Stock Price-to-Book Ratio are key measures of the Company's financial health and are key performance metrics in the executive compensation program. Return-on-Common-Equity was 17.83% and Stock Price-to-Book Ratio was 2.82 as of December 31, 2022, both in the top quartile of peers.

"Return-on-Common-Equity" shall be measured as of December 31 of such year

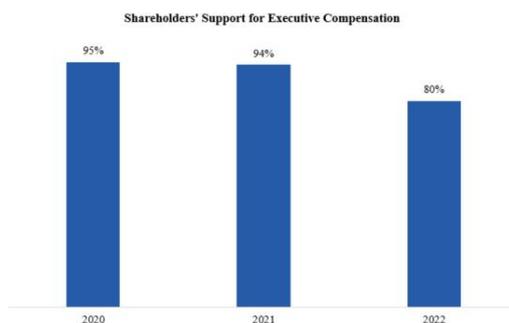

"Stock Price-to-Book Ratio" shall be measured based on stock price as of December 31 and book value as of September 30 of such year

- History of consistent dividends, even through the financial crisis and during the COVID-19 pandemic. The Company maintained its quarterly dividend of \$0.70 per common share in 2022.
- Recognition For Excellence
 - Ranked Number 3 among America's Most Trusted Companies (banking industry category) by Newsweek. Bank of Hawai'i was the only Hawai'i business listed.
 - Named Hawai'i's Best Bank by the readers of the Honolulu Star-Advertiser (12th consecutive year), Hawaii Tribune-Herald (7th consecutive year), West Hawaii Today (3rd consecutive year), and The Garden Island.
 - Deposits are rated Aa3 by Moody's Investor Service, reflecting our strong financial profile and conservative credit risk management.

2022 Shareholder Outreach

The Company has always had a robust shareholder outreach process that annually solicits feedback from investors. Because we appreciate the value of shareholder sentiment, and noticed a modest decline in support for our annual Say on Pay proposal in 2022, we enhanced our outreach efforts to make sure we fully understood shareholders' views of our pay program.

Over the past year we reached out to our thirty largest shareholders, representing voting authority for approximately 61% of shares outstanding. Our goal for this outreach was to discuss Company performance, environmental, social and governance (ESG) strategy, and executive compensation. While a large majority of the shareholders we contacted indicated they had no concerns with our executive pay program, we did conduct virtual meetings with 6 shareholders representing voting authority for approximately 29% of shares outstanding. We were able to meet with and address the concerns of both top shareholders who voted no on our say-on-pay proposal. Our Chair of the Human Resources and Compensation Committee led many of these discussions, which also included senior members of management, such as our Treasurer and Director of Investor Relations, Chief Financial Officer, and Chief General Counsel.

Shareholder Engagement

Through the engagement process and robust discussions, the Company learned the following:

- All of the shareholders contacted were complimentary of the Company's business strategies, management and performance, and the large majority supported our pay program
- A minority of investors believed that retention efforts in support of the Company's succession strategy were not adequately explained in last year's proxy
- Misunderstanding the design of retention awards that were granted caused some investors to conclude they were time-based, when in fact all of the awards are 100% performance-based
- Some investors had questions about the use of overlapping metrics for short- and long-term incentives
- There was some interest in discussing pay vs. performance relative to peers

Retention Grants Supporting Succession Strategy

Given that there was some confusion about retention awards granted in 2021, we wanted to take this opportunity to provide additional context to our decision and how we designed the program with all constituents in mind. It is essential that the Company's top talent is in place long enough to allow for an orderly leadership succession. Our seasoned group of 2021 executive officers – Sharon M. Crofts, Vice Chair, Client Solutions Group; James C. Polk, Vice Chair and now Chief Banking Officer; Mary E. Sellers, Vice Chair and Chief Risk Officer; and Dean Y. Shigemura, Vice Chair and Chief Financial Officer – have been with the Company a combined 100 years, and have amassed a vast repository of institutional knowledge, and deep ties to and relationships with our customers and the community. In order to ensure effective knowledge and skill transfer to the next generation, over time, this core team needs to be protected from recruitment by competitors in our small local market and to delay retirement until successful execution of our succession strategy. These threats were especially relevant two years ago during the height of the pandemic, when seasoned executives across the country were deciding to retire early rather than face the continued uncertainty caused by COVID-19, and competition among local banks for executive talent had increased. A sudden loss of talent at this level would have created significant risk to the Company's leading position in the market, and therefore the Company implemented a succession strategy that involves:

- developing existing internal talent
- restructuring of certain responsibilities among remaining executives, where practical, and
- strategic hiring of necessary skill sets.

Key to the success of this strategy, and as detailed in contemporaneous disclosures and in our 2022 proxy, in 2021 the Company made a modification of its long-term incentive (LTI) plan and granted long-term restricted stock awards with vesting following a three-year (for Mmes. Crofts and Sellers) or five-year (for Messrs. Polk and Shigemura) performance period. During that period, Mmes. Crofts and Sellers and Mr. Polk are not eligible to receive additional long-term restricted stock grants.

Name	Grant Date	Target Value	Performance Period	Vesting Date
Sharon M. Crofts *	3/26/2021	\$3,000,000	2021 - 2023	3/29/2024
James C. Polk	3/26/2021	\$1,000,000	2021 - 2025	3/31/2026
James C. Polk **	1/21/2022	\$4,000,000	2022 - 2025	3/31/2026
Mary E. Sellers *	3/26/2021	\$4,500,000	2021 - 2023	3/29/2024
Dean Y. Shigemura	3/26/2021	\$1,000,000	2021 - 2025	3/31/2026

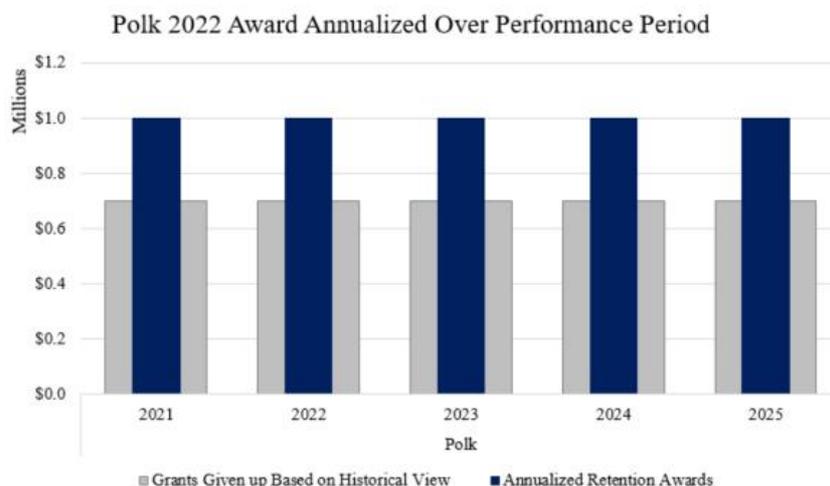

* To be settled half in cash and half in stock; ineligible for annual grants during the performance period

** Ineligible for annual grants during the performance period.

We believe these retention grants are fully-aligned with the concept of pay-for-performance and benefit the Company, the executive, and shareholders alike. The awards are 100% performance-based, and only begin to vest when the Company attains a rigorous three-year average percentile rank relative to peers of at least the 50th percentile with respect to Return on Common Equity (ROCE) and Stock Price to Book Ratio (P/B). Full vesting requires performance at the 75th percentile or above. Moreover, Mr. Polk, and Mmes. Crofts and Sellers are no longer eligible to receive additional LTI awards during the performance period.

Return on Common Equity and Stock Price to Book Ratio	
Financial Performance Criteria-- Three Year Average Percentile Rank	Applicable Vesting Percentage
75th and Above (Maximum)	100%
62.5th – 74.99th	75%
50th - 62.49th	50%
Below 50th	0%

Mr. Polk's 2022 award, which appears in this year's proxy below, was primarily in recognition of his increased scope of responsibility upon being promoted to Chief Banking Officer. The following chart illustrates how that award, annualized over the retention period, would compare to what Mr. Polk could have otherwise expected to receive in annual equity grants absent the award.

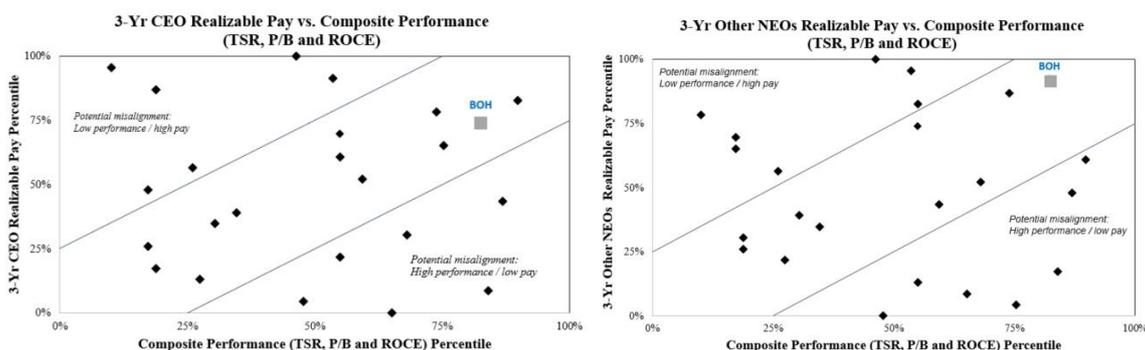

The Company believes its retention efforts are now complete and it will not be necessary to grant any additional similar retention awards in the future. To the extent that executives receiving grants remain employed past their respective retention periods, they will not receive additional retention awards.

Finally, throughout 2022 and into 2023, the execution of the succession plan outlined above has been demonstrably successful. The core nucleus of leadership has remained intact while several internal moves have taken place in order to develop talent and restructure areas of responsibility among senior executives. In addition, the Company has hired a Deputy Chief Risk Officer who will begin serving alongside Ms. Sellers in May and then be promoted upon her expected retirement in 2024.

Pay for Performance

Certain shareholders expressed interest in the Company’s 2021 assessment of pay-for-performance, in particular relative to peers. In response, our independent compensation consultant Willis Towers Watson prepared the following view of realizable pay-for-performance, using a composite of Total Shareholder Returns (“TSR”) (a metric favored by many peers), P/B, and ROCE (the Company’s preferred performance metrics), weighted equally. Viewed through this unique lens, it is clear that the Company continues to demonstrate strong pay-for-performance alignment for the CEO and other NEOs.

Notes: (1) Our CEO and other Named Executive Officers’ relative 3-year realizable pay are positioned at the 74th percentile, and 91st percentile, respectively, compared to peers while our composite three-year relative performance (measured by TSR, P/B, and ROCE weighted equally) is positioned at the 83rd percentile. (2) Comparisons are made to the companies in our 2022 compensation peer group. (3) Realizable pay is defined as cash compensation, reflecting base salary plus actual bonus paid, and equity compensation, reflecting the value of grants made during the period valued using each company’s stock price as of December 31, 2021, using the most currently available data from peer filings at the time of analysis. Performance awards are based on actual payouts (if disclosed) and target for those not disclosed or where the cycle is incomplete; time-based stock awards are based on the number of shares granted; option awards reflect the intrinsic value. (4) The first performance measure is Total Shareholder Return, which is calculated using stock prices adjusted for stock splits, cash dividends, rights offerings, and spin-offs. The second performance measure is price-to-book ratio. The third measure is return on common equity. The percentile ranks of these three measures are averaged, and the percentile rank of that average is then plotted in the above charts.

Incentive Plan Metrics

Some shareholders also provided feedback regarding the operation of the Company’s LTI and short-term incentive (STI) programs. In particular, there were questions about why both programs use ROCE and P/B as performance metrics. The Board believes that these metrics are strong measures of management’s ability to drive profitability (ROCE) and enhance shareholder equity (P/B), resulting in both short- and long-term shareholder value. Moreover, while the metrics overlap, the LTI and STI programs are not identical. The LTI program measures ROCE and P/B over a three-year sustained performance period and both measures are equally weighted (50% P/B, 50% ROCE). For the CEO STI program, annual measurement of ROCE and P/B each receive a 40% weighting. In addition, 20% of STI depends on a qualitative assessment of disciplined other metrics relating to Strategic Initiatives, Community Presence/Reputation, and Leadership Development/Succession. Finally, the Company determines the amount of the overall STI bonus pool by assessing annual growth in earnings per common share (EPS) – if earnings go down, the amount available for incentives also goes down – which has the practical effect of making EPS a fourth metric upon which to determine STI payouts.

Executive Summary

2022 Executive Compensation Program Design

Compensation Policies and Practices

Our executive compensation and corporate governance programs are designed to closely link pay with operational performance and increases in long-term shareholder value while minimizing excessive risk taking. To help us accomplish these important objectives, we have adopted the following policies and practices over time:

Business and Performance Overview

We are organized into three business segments for management reporting purposes: Consumer Banking, Commercial Banking, and Treasury and Other.

Consumer Banking offers a broad range of financial products and services, including loan, deposit and insurance products; private banking and international client banking services; trust services; investment management; and institutional investment advisory services. Consumer Banking also provides a full service brokerage offering equities, mutual funds, life insurance, and annuity products. Loan and lease products include residential mortgage loans, home equity lines of credit, automobile loans and leases, personal lines of credit, installment loans, and small business loans and leases. Deposit products include checking, savings, and time deposit accounts. Private banking and personal trust groups assist individuals and families in building and preserving their wealth by providing investment, credit, and trust services to high-net-worth individuals. The investment management group manages portfolios utilizing a variety of investment products. Also within Consumer Banking, institutional client services offers investment advice to corporations, government entities, and foundations. Products and services from Consumer Banking are delivered to customers through 51 branch locations and 320 ATMs throughout Hawai'i and the Pacific Islands, e-Bankoh (online banking service), a customer service center, and a mobile banking service.

Commercial Banking offers products including corporate banking, commercial real estate loans, commercial lease financing, auto dealer financing, and deposit products. Commercial lending and deposit products are offered to middle-market and large companies in Hawai'i and the Pacific Islands. In addition, Commercial Banking offers deposit products to government entities in Hawai'i. Commercial real estate mortgages focus on customers that include investors, developers, and builders predominantly domiciled in Hawai'i. Commercial Banking also includes international banking and provides merchant services to its customers.

Treasury consists of corporate asset and liability management activities, including interest rate risk management and a foreign currency exchange business. This segment's assets and liabilities (and related interest income and expense) consist of interest-bearing deposits, investment securities, federal funds sold and purchased, and short and long-term borrowings. The primary sources of noninterest income are from bank-owned life insurance, net gains from the sale of investment securities, and foreign exchange income related to customer-driven currency requests from merchants and island visitors. The net residual effect of the transfer pricing of assets and liabilities is included in Treasury, along with the elimination of intercompany transactions.

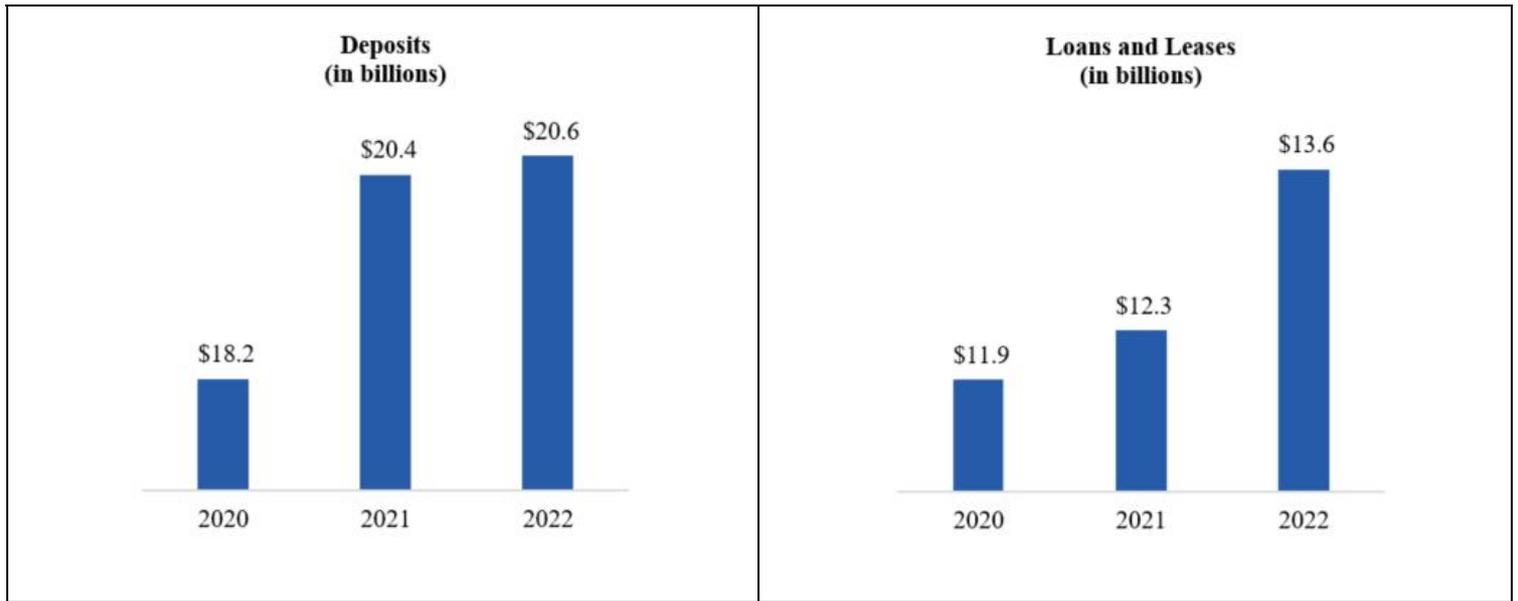

We concluded 2022 with solid financial performance. Over the year our loan balances grew to \$13.6 billion, an increase of 11.3% from 2021. Our deposit balances also increased to \$20.6 billion, up 1.3% from 2021. Our asset quality and capital and liquidity ratios remain strong. The Return-on-Common-Equity for the year was 17.83%, our Return-on-Assets was 0.98%, and our efficiency ratio was 59.49%.

- **Dividends:** In 2022, the Company maintained its quarterly dividend to common shareholders of \$0.70 per share.
- **Returning Value to Shareholders:** The Company returned \$49.8 million in capital to shareholders through share repurchases in 2022. The Company continued the share repurchase program in 2022 after temporarily suspending it from March 2020 to July 2021 due to the COVID-19 pandemic.

Detailed Discussion and Analysis

Executive Compensation Philosophy

At Bank of Hawai‘i, we believe that executive compensation should reflect strong alignment between pay, performance and shareholders' interests while maintaining a balanced approach to risk and reward. Compensation programs should reinforce support for our vision and be consistent with market compensation trends after taking into account the unique circumstances facing Bank of Hawai‘i in light of geographic, demographic, and economic conditions in the markets served by the Company. The Human Resources & Compensation Committee (“the Committee”) believes that compensation should recognize short- and long-term performance by including both cash and equity components, and reflect inclusiveness and gender equality and recognize individual performance.

The primary focus of the Company's executive compensation program is to encourage and reward performance that supports the Company's long-term business strategies and promotes sustainable growth in shareholder value. The Company believes that its goals are best supported by rewarding its NEOs for outstanding contributions to the Company's success, compensating those officers competitively with similarly situated executive officers, and providing its NEOs with equity to encourage and motivate them to focus on the Company's long-term growth and success.

The Committee is responsible for developing and implementing the executive compensation program. With the support of its independent compensation consultant, the Committee has designed and implemented an executive compensation program that is structured to:

- Align executive compensation with shareholder value creation;
- Encourage retention and growth opportunities for executives;
- Compensate executives for measurable and meaningful levels of Company performance; and
- Balance performance incentives while not encouraging excessive risk taking by executives.

Executive Compensation Philosophy Drives Performance

We believe that the Company's performance on key measures is evidence that the Company's pay for performance approach to compensation facilitates consistent strong performance and growth. The Company achieved solid financial results in 2022. Diluted earnings per common share was \$5.48 for the full year of 2022, compared with \$6.25 in 2021. Net income for the year was \$225.8 million, compared with \$253.4 million in the previous year. The return on average assets for the full year of 2022 was 0.98%, and the Return-on-Common-Equity for the full year of 2022 was 17.83%. The efficiency ratio for the full year of 2022 was 59.49%.

During 2022, loan balances continued to grow and reached \$13.6 billion at December 31, 2022, up 11.3% from \$12.3 billion at December 31, 2021. Total assets finished 2022 at \$23.6 billion, up 3.6% from \$22.8 billion at December 31, 2021. Total deposits finished 2022 at \$20.6 billion, up 1.3% from \$20.4 billion at December 31, 2021. The Company's overall asset quality continued to remain strong during 2022. Total non-performing assets were \$12.6 million at December 31, 2022 compared with \$19.0 million at December 31, 2021.

The Company continued to return value to its shareholders through dividends and resumed share repurchases. The Company maintained the quarterly dividend of \$0.70 per share in 2022. The Company purchased 627,629 shares in 2022 through its share repurchase program. From the beginning of the share repurchase program initiated during July 2001 through December 31, 2022, the Company has repurchased 58.0 million shares of common stock and returned a total of nearly \$2.4 billion to our common shareholders at an average cost of \$41.17 per share. Total shareholders' equity was \$1.3 billion at December 31, 2022.

Executive Compensation Process

The Committee's annual process for setting NEOs' compensation begins in the fourth quarter of each year when the Company's senior management team sets operating and financial goals for the coming year. Using data and analysis provided by an independent compensation consultant and considering senior management's operating and financial goals, as well as the market environment, the Committee establishes compensation levels and challenging performance goals for the year.

The compensation program is designed and implemented as follows:

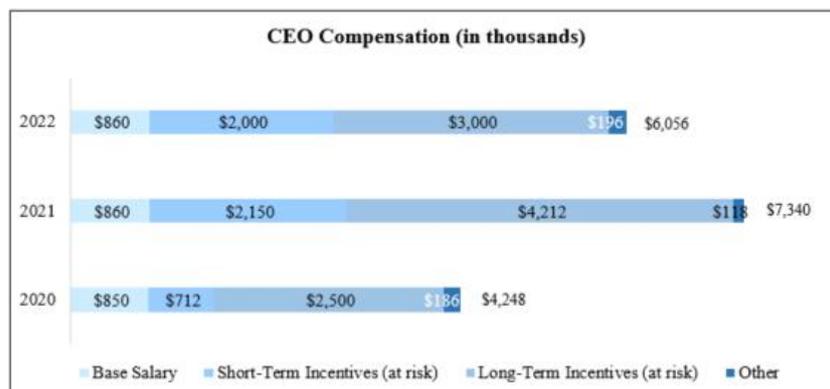

- (1) **The Committee leads a robust process to set and measure challenging goals:** Company performance objectives are subject to a robust goal-setting process in which the Committee considers business-driven bottom-up and corporate top-down budgets and market projections. In setting each NEO's total compensation, the Committee considers among other factors, Company performance, shareholder value creation, the competitive marketplace, and the awards given to NEOs in past years.

Commencing in February of each year, the Committee reviews the annual results of the Company compared to the business plan, and uses this review as the basis for the annual evaluation of the CEO. The Committee reviews the relative performance for the quantitative performance metrics. The CEO does not attend executive sessions of the Committee when his own compensation is being reviewed or determined. The Committee's evaluation is discussed with the full Board, excluding the CEO, and communicated to the CEO by the Lead Independent Director.

Based on similar factors and individual objectives, including an assessment of effective risk management, the CEO annually reviews the performance of each of the other NEOs. The conclusions and recommendations based on those reviews, including any recommendations for salary adjustments, annual awards and equity components, are presented to the Committee for consideration.

The Committee believes that retaining discretion to assess the qualitative performance of the CEO and other NEOs gives the Committee members the ability to more accurately reflect individual contributions that cannot be quantified.

- (2) **Substantial 'at risk' and variable compensation:** Approximately 83% of CEO total compensation (salary, bonus, stock awards (long-term incentives), non-equity incentive plan compensation (short-term incentives), and all other compensation) is variable and impacted by pre-established Company performance metrics. As shown in the Summary Compensation Table, in 2022 Mr. Abbruzzese received a new hire bonus and, pursuant to her 2021 retention agreement, Ms. Sellers did not receive any long-term incentives.

- (3) **Alignment with shareholders:** Each NEO is subject to robust stock ownership guidelines that require them to hold a significant number of company shares as long as they remain employed at the Company, with the CEO's requirement at 5x base salary and other NEOs at 2x base salary.

Peer Group and the Market Check

Each year, the Committee identifies companies to include in a peer group for purposes of benchmarking executive compensation levels and practices. The Committee selects peer companies with the support of Willis Towers Watson, an independent compensation consultant. For 2022, the Committee selected a bank peer group, consisting of regional banks that the Company competes against for capital and talent. Companies selected for the peer groups are:

- Possible sources of, or destinations for, talent.
- Comparable in:
 - Size
 - Complexity and organizational structure; and
 - Compensation practices and structures.
- In some cases, peers of our peer companies.

* Peer data provided by Willis Towers Watson Executive Compensation Consultants as of December 31, 2022, or earlier, based on available data as of February 8, 2023.

** FTE represents Full-Time Equivalent Employees

After selecting the peer companies, the Committee does not target a specific relative level of compensation but considers the median levels (the 50th percentile) of the following when determining target pay: (1) base salaries, (2) total cash compensation, including annual incentives on both an actual and target basis, and (3) total direct compensation including long-term incentives at both actual and target levels. If NEO base salaries, total cash compensation, or target or actual incentive compensation result in above-median compensation, it is directly because of measurable Company and/or individual executive performance.

S&P Supercomposite Regional Bank Index

In addition to the bank peer group, the Company benchmarks key performance metrics and the compensation program against the companies included in the S&P Supercomposite Regional Bank Index, excluding those companies with assets in excess of \$50.0 billion. The Committee believes that the S&P Supercomposite Regional Bank Index provides an appropriate group for comparison purposes because these are the companies with which the Company competes for capital and talent. The Committee concluded that the Company's business mix and source of executive talent for the Company are well represented in the S&P Supercomposite Regional Bank Index.

Role of the Compensation Consultant

The Committee is responsible for retaining its compensation consultant and for determining the terms and conditions of that engagement, including fees to be paid to the consultant. The Committee determines whether the consultant's services are performed objectively. The Committee's current independent compensation consultant is Willis Towers Watson. The compensation consultant reports directly to the Committee, takes instructions solely from the Committee, and performs no other services for the Company. The Committee Chairman pre-approves all compensation consulting engagements, including the nature, scope and fees of assignments. In 2022, the Committee considered the factors delineated by the SEC in Rule 10C-1 and determined that Willis Towers Watson was an independent compensation consultant and that the firm's work did not raise a conflict of interest with the Company.

Willis Towers Watson is the Committee's compensation consultant and helped to ensure that the Company's executive compensation practices were competitive, appropriately designed, and were aimed at linking executive compensation to the business and strategic objectives of the Company. Willis Towers Watson also provided the Committee with market data and an analysis of competitive compensation for the NEOs.

Compensation and Risk Management

Compensation risks are assessed and managed in the context of the Company's business strategies. The Committee monitors the Company's financial and non-financial performance throughout the year as well as the Company's risk profile and risk management processes to ensure that the Company's compensation policies do not promote inappropriate conduct, or unnecessary or excessive risks that may threaten the value of the Company (see page 24 for greater detail). Several areas are reviewed by the Committee including, but not limited to, how risk management is built into incentive compensation for the Company's executive management, the specific risk profile for a community bank as it relates to loans and investment securities, the controlled and disciplined approach in the compensation structure of the Company, the implementation of new processes with regard to qualitative versus quantitative measures of management performance, and the refinement of best practices.

The Committee also believes that compensation should recognize short- and long-term performance and may include both cash and equity components. The composition of components may vary from year to year based on individual, market and other factors. The Committee does not adhere to a specific formula when determining the mix of pay elements, or the allocation between cash and non-cash compensation or among non-cash forms of pay.

Referring to the following Elements of the Compensation Program section, neither total compensation nor any element of cash and non-cash compensation is formally benchmarked against a peer group of companies, although the Committee uses the peer group data as a reference. In making compensation decisions, the Committee considers individual performance, experience in the position, breadth of duties, and pay parity among positions of comparable responsibility. The Committee also reviews market data to verify that compensation is competitive and within market ranges.

Elements of the Compensation Program

In order to ensure compensation is tightly linked to long-term shareholder value creation, the Board and the Committee have implemented an executive compensation program that seeks to balance short-term financial results with long-term value through sustainable business growth in our market. To that end, the compensation program uses a number of short- and long-term forms of executive compensation, each specifically structured to incentivize one or more aspects of Company performance the Committee believes are critical to driving long-term shareholder value.

Each NEO receives a balance of variable and fixed compensation. The following describes the various forms of compensation:

2022 Base Salary

Base salary is driven by each NEO's responsibilities. The Committee also considered competitive compensation data provided by Willis Towers Watson. Base salaries are generally established in connection with recruiting or retaining qualified executive officers. The Committee reviews salary levels as part of the Company's annual performance review process, as well as upon promotion or other changes in job responsibility. Merit-based increases to salaries for executive officers other than the CEO are determined by the Committee and include the CEO's assessment of individual performance and his recommendation.

In recommending base salaries, the CEO considers, among other factors, the needs of the Company, internal pay parity among positions of comparable responsibility, and individual performance and contribution to the Company. The Committee also looks at market survey data to verify that salaries are competitive and within market ranges.

Based upon the foregoing, including peer group analysis, market data and recommendations by Willis Towers Watson, the Committee approved, effective April 1, 2022, the following NEO base salaries:

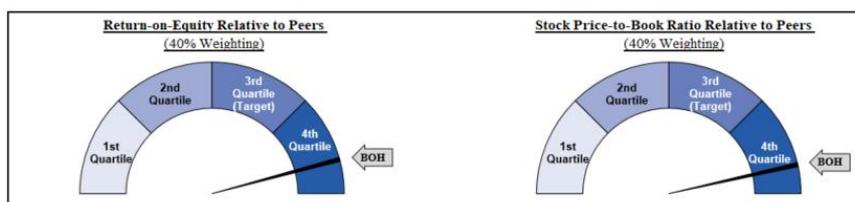

Name	Base Salary Effective April 1, 2022 (\$)
Peter S. Ho	860,000
Dean Y. Shigemura	435,000
Marco A. Abbruzzese	400,000
James C. Polk	460,000
Mary E. Sellers	436,000

2022 Short-Term Incentive Compensation

The CEO and other NEOs participate in the Executive Incentive Plan (the “EIP”), the Company's short-term incentive plan for executives. The EIP is a 100% performance-based short-term incentive plan.

The EIP provides for a maximum incentive pool of 3% of the Company's net income before taxes for the fiscal year. At the beginning of the performance period, each participating executive is allocated a maximum percentage of the incentive pool. For 2022, the Committee allocated a maximum percentage of 35% to Mr. Ho and 11% to Ms. Sellers and Messrs. Abbruzzese, Polk and Shigemura. The Company has set a target award of 100% of base salary for the CEO, with a threshold or minimum payout of 50% and maximum payout of 250% of target. To achieve any payout, top two quartile performance must occur with actual payout determined by performance and quantitative metric weighting. Company performance below the third quartile of the quantitative measures results in forfeiture of the entire weighted opportunity for each of the quantitative measures. Ms. Sellers and Messrs. Abbruzzese, Polk, and Shigemura have a target award of 80% of base salary. Their threshold or minimum payout is 50% of target and maximum payout is 200% of target. Similar to the CEO, to achieve any payout, top two quartile performance must occur with actual payout determined by performance and metric weighting.

The following chart compares the targeted goals of each quantitative performance metric with actual results:

The following table describes the Short-Term Incentive Plan's disciplined other short-term metrics and achievements of the CEO and NEOs for 2022:

In evaluating the CEO performance and resulting EIP payment, the Committee employed a weighted scoring system based upon achievement of the performance metrics referenced above. The Committee reviewed and discussed the CEO's performance against the EIP metrics and objectives, then determined the final EIP award based upon the results. The Committee certified fourth (top) quartile performance for the Return-on-Common-Equity (91.1 percentile), and Stock Price-to-Book Ratio (92.4 percentile) metrics. The Committee reviewed and discussed in detail the CEO's individual contributions and rated his performance "OUTSTANDING" in the pre-determined areas of community presence, reputation, leadership development, succession planning and strategic initiatives.

In evaluating the other NEOs, the Committee considered the recommendations of the CEO, and reviewed and discussed the other NEOs performance against the EIP metrics and objectives, as well as their individual contributions and achievements in their respective managerial spheres of influence.

Dean Y. Shigemura

Mr. Shigemura is Vice Chair and Chief Financial Officer. He is a member of the Company's Executive Committee and has overall responsibility for the Finance group. The Finance group includes Financial and Regulatory Reporting, Tax Reporting, Accounting, Accounts Payable, Corporate Sourcing and Procurement, Financial Planning and Analysis, Treasury, and Investor Relations.

The Committee discussed Mr. Shigemura's contributions in his area of responsibilities in 2022. Mr. Shigemura demonstrated disciplined financial management within established corporate goals and expectations, while leading his team through transformational organizational changes and top financial performance metrics for the Company. The Committee noted his significant contribution within the area of financial management including the continued improvements of the company-wide Pricing Committee and leading the annual budget process. In addition, Mr. Shigemura chaired the Asset/Liability Committee ("ALCO"), which oversees the balance sheet, capital and liquidity for the Company, helped lead the ALCO Pricing Committee, which is responsible for loan, deposit, and fee pricing, oversaw the Company's stress testing activities, and participated in a number of regulatory exams. For most of 2022, Mr. Shigemura also served as Controller and Principal Accounting Officer and directly managed the Controllers group, which included overseeing accounting operations, Financial Planning and Analysis, Financial and Regulatory Reporting and Taxes while maintaining his role as Chief Financial Officer.

Marco A. Abbruzzese

Mr. Abbruzzese joined the Company as Vice Chair and Senior Executive Director of Wealth Management in January 2022. He is responsible for overseeing the wealth management areas of Trust Services Group, Bankoh Investment Services, and The Private Bank. In addition, he is a member of the Bank's Executive Committee.

The Committee discussed Mr. Abbruzzese's contributions to the Company in 2022 including his role creating a unified Wealth Management organization and leadership team and launching a five-year strategic plan designed to grow and deepen the wealth organization. Under his leadership, significant progress has been made to enhance the Bank of Hawai'i Wealth Management client experience, evaluate and invest in technology upgrades and process improvements, expand the scope of products and services geared toward high net worth and ultra-high net worth clients, and recruit and retain top talent. Client advice, planning and holistic relationship management was emphasized in 2022 during a period of challenging conditions for investors. Mr. Abbruzzese has also prioritized strong partnerships with the Commercial Banking, Consumer, and Mortgage divisions in service of clients, which was an important element of the group's successes in 2022. Effective risk management remained a priority across the wealth organization with enhancements made to the oversight of the Trust business.

James C. Polk

Mr. Polk is Vice Chair and Chief Banking Officer and is a member of the Company's Executive Committee. Mr. Polk has management oversight for the Company's Commercial Banking and Wealth Management businesses, as well as its Corporate Real Estate Division, which manages and maintains all of the Bank's owned and leased real estate facilities. His responsibilities include driving the strategic direction, financial performance and risk management of those businesses in line with the Bank's overall goals. In 2022, Mr. Polk was also instrumental in co-leading the Company's COVID-19 re-emergence planning.

The Committee discussed Mr. Polk's contributions in 2022 including his role in ensuring the Company met its key business and performance goals, highlighted by very strong, high quality commercial loan growth. In addition to driving various strategies to support both current and future financial performance, including key initiatives around renewable energy and affordable housing, important progress was made in building depth within the leadership teams in both Commercial Banking and Wealth Management. This included the hiring of a new senior executive to lead our Wealth Management related businesses of The Private Bank, Trust Services and Bankoh Investment Services, as well as the start of a strategic planning process designed to accelerate growth in these businesses.

In connection with his responsibilities for Corporate Real Estate, Mr. Polk led the team's efforts to further prepare our facilities for the return of many of our team members to our office facilities and to successfully accommodate a hybrid work environment with a continued focus on employee and client experience and safety. Additionally, the team successfully opened two newly constructed branches on Hawai'i Island, including our new Banking Center in Hilo.

Mary E. Sellers

Ms. Sellers serves as Vice Chair and Chief Risk Officer. In her role, she is responsible for ensuring there is an appropriate enterprise risk framework to support the Company's strategy and business operations ensuring risk is managed in accordance with the Risk Appetite approved by the Board of Directors. Ms. Sellers is a member of the Company's Executive Committee, as well as the Chair of the Risk Council, the Commercial and Retail Credit Policy Committees, the Liquidity Planning Committee, the Operational Risk Committee, The Employee Relations Committee and the Model Risk Committee.

The Committee noted Ms. Sellers' diverse and complex responsibilities in critical areas that touch virtually all performance segments of the Company. Specifically, the Committee discussed Ms. Sellers' performance and accomplishments in 2022 which included supporting the Company's strategic initiatives and key business goals.

The Committee further discussed Ms. Sellers' success in continuing to refine and strengthen the Company's risk management infrastructure, ensuring support for emerging areas of risk focus. This included supporting expanded digital banking programs, new application platforms, dynamic product and process enhancements as well as new products, and areas of regulatory focus. Ms. Sellers also continued to display strong leadership in the ongoing development of key staff members in the Risk group and the successful recruitment of additional staff for leadership roles as part of succession planning. In addition, Ms. Sellers serves as the Executive Sponsor for the Company's Women Inspired Employee Resource Group.

The Committee approved the CEO and the other NEO EIP awards as follows:

Name	Annual Base Salary as of December 31, 2022 (\$)	Target Annual Incentive	Final Incentive Payout (% of Annual Base Salary)	Final Incentive Award (\$)
Peter S. Ho	860,000	100%	233%	2,000,000
Dean Y. Shigemura	435,000	80%	138%	600,000
Marco A. Abbruzzese	400,000	80%	100%	400,000
James C. Polk	460,000	80%	137%	630,000
Mary E. Sellers	436,000	80%	144%	630,000

2022 Long-Term Incentive Compensation - Threshold, Target and Maximum Performance Levels

In setting the CEO's and other NEOs' long-term incentive compensation, the Committee considered, among other factors, Company performance, shareholder value creation, the competitive marketplace, the awards given in past years, peer group analysis and other market factors. In applying these factors, the Committee determined the number of performance shares to be awarded under the 2022 long-term incentive plan to the CEO and other NEOs, as described in the Grants of Plan-Based Awards table on page 61. The Company's 2022 long-term incentive plan is 100% performance-based and awarded in the form of performance shares with a three-year cliff vesting schedule.

The plan requires achievement of a three-year sustained performance period with performance metrics and hurdles as follows:

2022 Design Elements
<ul style="list-style-type: none"> • Three-year plan • Three-year sustained performance period • Three-year cliff vesting • 100% quantitative performance metrics <ul style="list-style-type: none"> ◦ Two performance metrics set at challenging levels relative to peers* weighted as follows: <ul style="list-style-type: none"> ▪ Return-on-Common-Equity (50%); and ▪ Stock Price-to-Book Ratio (50%). • To achieve full payout, top quartile performance in Return-on-Common-Equity and Stock Price-to-Book Ratio must occur • To achieve any payout, top two quartile performance must occur with the actual payout determined by performance and metric weighting

* S&P Supercomposite Regional Bank Index (excluding banks with assets > \$50.0 billion) as of January 3, 2022

As indicated above, performance shares awarded to the NEOs pursuant to the 2022 long-term incentive plan require a three-year (2022-2024) sustained performance period, with the three-year cliff vesting determined at the conclusion of the three-year performance period. The total vesting award is determined by the quartile performance achievement over the three-year performance period.

The Company has set a target award of 100% of the performance shares to be awarded under the 2022 long-term incentive plan with a threshold or minimum award of 50% of target and maximum award of 100% of target. To achieve any performance share award, top two quartile performance must occur with the actual award determined by performance and metric weighting. Company performance below the third quartile of the quantitative performance measures results in forfeiture of the entire weighted opportunity for each of the performance measures. The period of restriction terminates based upon the level of achievement of the specified financial performance criteria, where the First Category Shares are conditioned upon "Return-on-Common-Equity", and the Second Category Shares are conditioned upon "Stock Price-to-Book Ratio" ("Financial Performance Criteria"). In this regard, the Period of Restriction terminates with respect to the "Applicable Vesting Percentage" of the First Category Shares and Second Category Shares, as the case may be, based upon the Company's achievement of the respective Financial Performance Criteria in accordance with the following schedule:

Return-on-Common-Equity and Stock Price-to-Book Ratio	
Financial Performance Criteria -- Three Year Average Percentile Rank	Applicable Vesting Percentages
75 th and Above (Maximum)	100%
62.5 th - 74.9 th	75%
50 th - 62.49 th	50%
Below 50 th	0%

The terms "Return-on-Common-Equity" (generally defined as the net income available to common shareholders as a percent of average common equity, but as determined by the Committee) shall be measured as of December 31 of such year and "Stock Price-to-Book Ratio" shall be measured based on stock price as of December 31 and book value as of September 30 of such year, shall mean such terms as determined for the banks that comprise the S&P Supercomposite Regional Bank Index. With respect to the given Financial Performance Criteria, the "Three Year Average Percentile" shall mean the Company's percentile level on the S&P Supercomposite Regional Bank Index for the average of the numerical measures over the three years 2022, 2023, and 2024. The Financial Performance Criteria shall be determined based on references to measures and percentiles for the peer group banks that comprise the January 3, 2022, S&P Supercomposite Regional Bank Index (with peer group banks determined by excluding banks with assets >\$50B).

For 2022, the Committee certified fourth (top) quartile performance for the Return-on-Common-Equity and Stock Price-to-Book Ratio metrics.

Benefits and Retirement Plans Sponsored by the Company

Executive officers are eligible to participate in health and insurance plans, retirement plans, and other benefits generally available to full-time employees. This is consistent with the Company's belief in offering employees comprehensive health and retirement benefits that are competitive in our markets. The retirement programs assist employees in planning for their retirement income needs. Benefits under the qualified health and retirement plans are not directly tied to specific Company performance. Employees who meet service requirements are eligible to participate in the Company-sponsored Retirement Savings Plan ("RSP"), a tax-qualified defined contribution pension plan. Benefits are reviewed on a regular basis, and appropriate changes are made to ensure our program continues to be effective and competitive.

The Committee has adopted the Bank of Hawaii Corporation Executive Deferred Compensation Program (the "Deferred Compensation Program"), a program that offers senior management (including the NEOs) the ability to defer up to 80% of base salary and 100% of incentive amounts under the Executive Incentive Plan in order to allow executives to defer, along with the receipt of the compensation, the income tax liability on such payments (including any appreciation in value as a result of the deemed investment of such amounts) until receipt. This program allows participants to manage their cash flow and estate planning needs.

The Company also maintains the Bank of Hawaii Retirement Savings Excess Benefit Plan (the "Excess Benefit Plan"), a nonqualified supplemental retirement benefit plan that compensates participants for benefits that would otherwise be payable under the Company's Retirement Savings Plan but for certain Internal Revenue Code ("IRC") limitations. The Committee believes that this plan is important to ensure equitability in retirement funding amounts between those that fall below and above the IRC limitations.

Gains from long-term incentive compensation are not included in the determination of nonqualified deferred compensation benefits.

Perquisites

The Company offers and provides perquisites to NEOs that the Committee believes are competitive, yet reasonable in attracting and retaining a strong executive team. The Committee believes perquisites should be limited in scope and value.

Change-in-Control and Severance Arrangements

The Committee believes that an essential component to protecting and enhancing the best interests of the Company and its shareholders is to provide for the protection of its executive team in the event of a change-in-control of the Company. Change-in-control benefits play an important role in attracting and retaining key executives. The payment of such benefits ensures a smooth transition in management following a change-in-control by giving an executive the incentive to remain with the Company through the transition period, and, in the event the executive's employment is terminated as part of the transition, by compensating the executive with a degree of financial and personal security during a period in which he or she is likely to be unemployed.

The Change-in-Control Retention Plan (the "Retention Plan"), provides benefits only in the event that a participant's employment is terminated by the Company without cause or by the participant for "good reason" within 24 months following a change-in-control. The Committee believes that this encourages executives to remain with the Company upon a change-in-control. The key provisions of the Retention Plan for NEOs, including the CEO and vice chairs, are:

- Severance benefit - a "two times base salary and bonus" payment which is payable in the month following termination of employment.
- Payment for non-competition - an additional "one times base salary and bonus" payment that is payable only if the executive complies with the 12-month non-competition restrictions specified under the Retention Plan.
- In addition to non-competition restrictions, the Retention Plan imposes non-disclosure, non-solicitation and non-disparagement restrictions on participants.

Each of the NEOs participates in the Retention Plan. See the discussion under "Change-in-Control, Termination, and Other Arrangements" on page 64 for additional information.

No Excise Tax Gross-Ups

The Retention Plan does not permit the Company to pay any tax gross up payments to executives in connection with any payment or benefit under the Plan. In addition, the Retention Plan limits any payment or benefit under the plan to an amount that would not be subject to Excise Tax even if the benefits would be substantially eliminated as a result of this limit.

Vesting of Equity Incentive Compensation on Change-in-Control (Double-Trigger)

The terms of the Company's 2014 Stock and Incentive Compensation Plan provide for full acceleration of vesting of restricted stock, restricted stock units, and stock options upon the occurrence of a change-in-control of the Company (as defined in the Retention Plan, which requires, among other things, a double-trigger termination for vesting to occur). The Committee believes that it is generally appropriate to fully vest equity and incentive-based awards to employees in a change-in-control transaction because such a transaction may often cut short or reduce the employee's ability to realize value with respect to such awards. Similarly, the Executive Incentive Plan provides that incentive awards will, upon a change-in-control of the Company, be prorated as though the applicable performance period ended on the change-in-control date and will be calculated as an amount equal to two times a participant's incentive allocation for the prorated performance period.

Other Matters

Stock Ownership Requirements

The Committee believes that significant ownership of our common stock by our executives directly aligns their interest with those of our shareholders and also helps balance the incentives for risk-taking inherent in equity-based awards. Under the Company's executive stock ownership guidelines, the CEO must own Company common stock having a market value equal to at least five times base salary and vice chairs must own Company stock having a market value equal to at least two times base salary. Stock ownership includes the value of vested stock options, restricted stock, restricted stock units from qualified plans, and other stock held by the executive. The guidelines require the CEO to comply with the stock ownership levels within five years of the date hired or promoted to such position within the Company; for all other NEOs the attainment period is three years. As of December 31, 2022, all of the NEOs satisfied the stock ownership guidelines.

Officer	Stockholding Guideline (multiple of base salary)
Chairman and CEO	5x
Vice Chairs	2x

Clawback Policy

To the extent permitted by law, if the Committee determines that any bonus, incentive payment or equity-based compensation has been awarded or received by an executive officer and that such compensation was based on any financial results or operating metrics that were satisfied as a result of such officer's fraudulent or intentional illegal conduct, as defined by applicable law, then the Committee shall recover from the officer such compensation (in whole or in part) as it deems appropriate under the circumstances. In determining whether to recover such payment, the Committee shall take into account such considerations as it deems appropriate, including whether the assertion of a claim may violate applicable law or prejudice the interests of the Bank in any related proceeding or investigation. Further, following a restatement of the Bank's financial statements, on the recommendation of the Audit & Risk Committee, the Committee shall cause the Bank to recover any compensation that is required to be recovered by Section 304 of the Sarbanes-Oxley Act of 2002.

Anti-Hedging and Pledging Policies

The Company's Securities Trading Policy specifically prohibits directors and employees from hedging the risk associated with the ownership of Bank of Hawai'i Corporation's common stock. The Policy also prohibits directors and employees from pledging transactions involving Bank of Hawai'i Corporation common stock as collateral, including the use of a traditional margin account with a broker-dealer. No officers or directors are parties to transactions involving the hedging or pledging of Company stock.

Tax Considerations

Section 162(m) of the Internal Revenue Code ("Section 162(m)") generally disallows a tax deduction to a public corporation for compensation over \$1,000,000 paid in any year to a company's chief executive officer or other named executive officers. However, in the case of tax years commencing before 2018, the statute exempted qualifying performance-based compensation from the deduction limit if certain requirements were met. Section 162(m) was amended in December 2017 to eliminate the exemption for performance-based compensation (other than with respect to payments made pursuant to certain "grandfathered" arrangements entered into prior to November 2, 2017, that have not since been materially modified) and to expand the group of current and former executive officers who may be covered by the deduction limit under Section 162(m). To maintain flexibility in compensating executive officers, the Committee does not require all compensation to be awarded in a tax deductible manner and compensation payable to our executive officers may exceed the Section 162(m) deductible limit at times. However, it is the intent of the Committee that executive compensation be deductible under the provisions of Section 162(m) to the fullest extent possible and consistent with overall corporate goals. Approximately \$9.1 million of compensation paid in 2022 was not deductible by the Company pursuant to Section 162(m).

- (1) Mr. Ho received no fees or compensation for his services on the Board of Directors. The Company pays on a bi-weekly basis.
- (2) This column represents the aggregate grant date fair value of restricted stock and restricted stock units granted to each of the NEOs in accordance with Accounting Standards Codification (“ASC”) Topic 718, “Compensation - Stock Compensation.” Restricted stock are valued at the closing price of the Company’s common stock on the date of the grant. 2020 performance-based EIP awards were paid out half in cash and half in restricted stock equivalents, which will vest 1/3 upon each of the first three anniversaries of the grant. The 2021 amounts include the restricted stock portion of EIP granted on February 19, 2021, that was already earned under the performance-based EIP, performance-based restricted stock granted under the Supplemental Retention Stock Grant and Special Retention Incentive Plan.
- (3) For 2020, amounts in this column represent the cash portion of the awards earned under the performance-based Executive Incentive Plan (“EIP”). The 2020 performance-based EIP awards were paid out half in cash and half in restricted stock equivalents, which will vest 1/3 upon each of the first three anniversaries of the grant. The restricted stock equivalents were already earned under the performance-based EIP.
- (4) This column represents the annual change in the actuarial present value of accumulated benefits under the Employees’ Retirement Plan of Bank of Hawai‘i. Mr. Ho and Ms. Sellers are the only NEOs who are participants of this plan, which was frozen at the end of 1995. For 2022, Mr. Ho’s and Ms. Seller’s pension value declined by \$5,602 and \$25,315 respectively. For 2022, the decrease in value of the pension benefits from the prior measurement date is primarily due to the increase in the discount rate from 2.89% to 5.51%. Mr. Ho’s present value is further decreased due to the increase in the lump sum segment rates which reduces the lump sum payable, with lump sums assumed to be paid 90% of the time when it is less than \$25,000. For 2021, the decrease in value of the pension benefits from the prior measurement date is primarily due to the increase in the discount rate from 2.55% to 2.89% and/or the delay in benefit commencement. Mr. Ho’s pension value declined by \$106 and Ms. Sellers’ pension value declined by \$6,571. For 2020, the increase in the value of the pension benefits from the prior measurement date is primarily due to the decrease in the discount rate (from 3.36% to 2.55%). For Mr. Ho, the increase in value is also due to the updates in interest rate and mortality assumptions associated with lump sum payments. The three PPA segment rates were updated from 2.04%, 3.09%, and 3.68% to 0.53%, 2.31%, and 3.09%, respectively. The mortality assumption was also updated to reflect the latest IRS release for 2021.
The Company has not provided above-market or preferential earnings on any nonqualified deferred compensation and, accordingly, no such amounts are reflected in this column.
- (5) The All Other Compensation Table that follows provides additional detail regarding the amounts in this column.
- (6) Mr. Abbruzzese joined the Bank in January 2022. His compensation includes a signing bonus and other make-whole payments necessary to entice him to join the Company and forego compensation opportunities at his previous employer.

- (1) This column represents the Company match of an individual's salary deferral contributions to the RSP, a qualified defined contribution pension plan, subject to the Internal Revenue Code prescribed limit (which in 2022 was limited to \$305,000 of eligible compensation), and is available to all eligible employees. The Company makes a matching contribution of \$1.25 for each dollar of employee contribution up to 2% of eligible compensation, and a \$0.50 matching contribution for every dollar of employee contribution above 2% and up to 5% of eligible compensation. Mr. Abbruzzese was not eligible for any company contributions in 2022.
- (2) For 2022, the total profit-sharing funding, or "Value Sharing Funding," equaled 2.74% of eligible compensation. The funding is allocated in the following manner and made available to all eligible employees: 1) a portion of the funding is allocated in cash, 2) to the extent permitted by IRS (\$305,000 of eligible compensation in 2022) and RSP provisions, a portion is contributed to the RSP, and 3) any Value Sharing Funding on eligible compensation in excess of IRS limits are contributed to the Excess Benefit Plan (column 3). This column represents the sum of the cash portion and the portion contributed to the RSP. For 2022, the cash portion and the portion contributed to the RSP were \$1,609 and \$6,738 respectively, for each of the NEOs. Mr. Abbruzzese was not eligible for any company contributions in 2022.
- (3) This column represents the Company's Value Sharing Funding based on 2.74% of eligible compensation in excess of the Internal Revenue Code prescribed limit (\$305,000 of eligible compensation in 2022) that is contributed to the Excess Benefit Plan, and is available to all eligible employees. Mr. Abbruzzese was not eligible for any company contributions in 2022.
- (4) In 2022, a Special Fixed Bonus was paid in lieu of the Company Fixed Contribution to the RSP and the Excess Benefit Plan. The 2021 and 2020 Company's Fixed Contribution to the RSP equaled 3.00% of eligible compensation, subject to the same Internal Revenue Code prescribed limits, and is available to all eligible employees. Mr. Abbruzzese was not eligible for any company contributions in 2022.
- (5) In 2022, a Special Fixed Bonus was paid in lieu of the Company Fixed Contribution to the RSP and the Excess Benefit Plan. The 2021 and 2020 Company's Fixed Contribution to the RSP equaled 3.00% of eligible compensation. This column represents the Company's Fixed Contribution in excess of the Internal Revenue Code prescribed limits that is paid into the Excess Benefit Plan, and is available to all eligible employees. Mr. Abbruzzese was not eligible for the Special Fixed Bonus.
- (6) In 2022, this column includes both the Restoration Benefit Contributions and the Special Fixed Bonus. In 2021, Mr. Ho, Mr. Abbruzzese and Ms. Sellers did not defer amounts under the Deferred Compensation Program that were eligible for Restoration Benefit Contributions. Refer to section "Nonqualified Deferred Compensation" for additional information. Mr. Abbruzzese was not eligible for the Special Fixed Bonus in 2022.
- (7) For 2022, this column includes the value of perquisites for Messrs. Ho, Abbruzzese and Polk, which include club membership dues, as well as a signing bonus and other make-whole payments necessary to entice Mr. Abbruzzese to join the Company and forego compensation opportunities at his previous employer.

NONQUALIFIED DEFERRED COMPENSATION

Executive Deferred Compensation Program

The Company's Executive Deferred Compensation Program (the "Deferred Compensation Program") is a nonqualified deferred compensation plan that allows senior management (including the named executive officers) to defer up to 80% of their base salary earned for a specified year through the Executive Base Salary Deferral Plan (the "Salary Deferral Plan"), and to defer up to 100% of incentive payments under the Executive Incentive Plan. Messrs. Polk, and Shigemura, and Ms. Crofts deferred part of their 2022 base salary and/or 2022 Executive Incentive Plan payout under the Deferred Compensation Program.

For each Plan Year beginning in 2012, with respect to the deferred amount, a Deferred Compensation Program participant who is eligible for the Company Fixed Contribution and discretionary Value Sharing Contribution under the Company's qualified retirement plan, the Bank of Hawaii Retirement Savings Plan ("Retirement Savings Plan"), will receive an amount, referred to as "Restoration Contribution," equal to the sum of: (a) the "Fixed Contribution Percentage" as described in the Retirement Savings Plan for the immediately preceding Plan Year multiplied by the Elective Deferral Amount; plus (b) the "Value Sharing Allocation Percentage" as determined by the Company for purposes of the Retirement Savings Plan for the immediately preceding Plan Year multiplied by the Elective Deferral Amount. In 2022, a Special Fixed Bonus was paid in lieu of the Company Fixed Contribution to the RSP and the Excess Benefit Plan. The Special Fixed Bonus was contributed to the participant's Executive Base Salary Deferral Plan account.

A participant is always 100% vested in his or her deferred amounts. Deferred amounts under the Deferred Compensation Program are subject to adjustment for appreciation or depreciation in value based on hypothetical investments in one or more investment funds or vehicles permitted by the Committee and chosen by the participant. A participant's deferred amounts are generally payable beginning on the earliest to occur of the following: (a) a specified time chosen by the participant, or if none, the date that is six months following a separation from service, (b) the participant's death, (c) the participant's disability or (d) an "unforeseeable emergency" (generally, a severe financial hardship resulting from the illness of the participant or his or her spouse or dependent, or other extraordinary and unforeseeable circumstances arising from events beyond the control of the participant). Distributions in the event of an unforeseeable emergency are subject to restrictions and are limited to an amount that is reasonably necessary to satisfy the emergency need. For distributions upon a separation from service or at a specified time chosen by a participant, the participant may choose to receive deferred amounts as a lump sum cash payment or in annual installments over a period not to exceed five years. The amount of each installment will be calculated using the "declining balance method," under which each installment payment is determined by dividing a participant's aggregate unpaid balance by the remaining years in the payment period. For distributions resulting from all other events, payment will be made as a lump sum cash payment.

The Company's obligations with respect to deferred amounts under the Salary Deferral Plan and the Executive Incentive Plan are payable from its general assets, although the Company has established a rabbi trust to assist it in meeting its liabilities under the plans. The assets of the trust are at all times subject to the claims of the Company's general creditors.

Retirement Savings Excess Benefit Plan

The Retirement Savings Excess Benefit Plan (the "Excess Benefit Plan") is a nonqualified supplemental retirement benefits plan that compensates participants for the amount of benefits that would otherwise be payable under the Company's Retirement Savings Plan but for limitations under Internal Revenue Code Sections 415 and 401(a)(17) as to the amount of annual contributions to, and annual benefits payable under, the Retirement Savings Plan. A participant's accrued benefits under the Excess Benefit Plan are hypothetically invested in one or more funds permitted by the Plan and chosen by the participant, and are adjusted for appreciation or depreciation in value attributable to such hypothetical investments.

For an individual who became a participant in the Excess Benefit Plan after May 19, 2006, the plan provides that benefits are payable upon a separation from service according to a distribution schedule that is determined by reference to the total amount accrued for the individual under the plan. A participant with:

- \$100,000 or less in deferred amounts will receive a lump sum payment six months after separation from service;
- more than \$100,000 but no more than \$300,000 in deferred amounts will receive distributions in two installments;
- more than \$300,000 but no more than \$500,000 in deferred amounts will receive distributions in three installments; and
- more than \$500,000 in deferred amounts will receive distributions in five installments.

In each case, the first installment will be paid on the first day of the seventh month following separation from service and subsequent installments will be paid in each subsequent January. An individual who first became a participant in the Excess Benefit Plan on or prior to May 19, 2006 will receive benefits upon the participant's separation from service and may have elected to be paid as follows: (a) according to the distribution schedule applicable to individuals who become participants after May 19, 2006, (b) in a lump sum on the first day of the seventh month following separation from service, or (c) in annual installments (not to exceed five) commencing on the first day of the seventh month following separation from service or commencing on an anniversary of the participant's separation from service (not later than the fifth anniversary). The amount of each installment will be calculated using the declining balance method. If a participant dies prior to the full distribution of his or her deferred amounts, any unpaid amounts remaining will be distributed in a lump sum to the participant's beneficiary.

The Company's obligations under the Excess Benefit Plan are payable from its general assets, although the Company has established a rabbi trust to assist it in meeting its liabilities under the plan. The assets of the trust are at all times subject to the claims of the Company's general creditors.

Set forth below is information regarding the amounts deferred by or for the benefit of the named executive officers in 2022.

(1) Types of Awards:

PSG - Performance-Based Restricted Stock Grant
RSG - Service-Based Restricted Stock Grant
SRSR - Performance-Based Supplemental Restricted Stock Grant

- (2) Performance-based restricted stock was granted, of which 50% are First Category Shares and 50% are Second Category Shares, which vests once the Committee has certified the Three Year Average Percentiles for each of the performance metrics, provided service and performance criteria are met. Vesting is conditioned upon the Company's three year (for the years 2022, 2023, and 2024) average percentile ranking in the S&P Supercomposite Regional Bank Index (less banks with assets greater than \$50 billion) and the grantee must remain an employee of the Company through the vesting date. The S&P Supercomposite Regional Bank Index was determined as of January 2 or next following business day of the calendar year. The First Category Shares will vest 100% if the three year average percentile ranking for Return-on-Common-Equity is in the top quartile of the S&P Supercomposite Regional Bank Index, 75% will vest if the Company's ranking is at least in the 62.5th and not more than 74.99th percentile, 50% will vest if the Company's ranking is at least in the 50th percentile and not more than 62.49th percentile, shares will forfeit if the Company's ranking is below the 50th percentile. The Second Category Shares will vest 100% if the three year average percentile ranking for Stock Price-to-Book Ratio is in the top quartile of the S&P Supercomposite Regional Bank Index, 75% will vest if the Company's ranking is at least in the 62.5th and not more than 74.99th percentile, 50% will vest if the Company's ranking is at least in the 50th percentile and not more than 62.49th percentile, shares will forfeit if the Company's ranking is below the 50th percentile.
- (3) Service-based restricted stock was granted on January 10, 2022, of which 50% will vest for continuous service through the first anniversary of the grant and 50% will vest for continuous service through the second anniversary of the grant once the Company's Human Resources & Compensation Committee has certified the grantee remained an employee of the Company through each vesting date. Mr. Abbruzzese's compensation includes new hire grants necessary to entice him to join the Company and forego compensation opportunities at his previous employer.
- (4) Service-based restricted stock was granted on January 10, 2022, which will vest in full on the third anniversary of the grant once the Company's People Services has certified the grantee remained an employee of the Company through the vesting date. Mr. Abbruzzese's compensation includes new hire grants necessary to entice him to join the Company and forego compensation opportunities at his previous employer.
- (5) Performance-based restricted stock was granted as a Supplemental Restricted Stock Grant Program, of which 50% are First Category Shares and 50% are Second Category Shares, which vests once the Committee has certified the Four Year Average Percentiles for each of the performance metrics, provided employment and performance criteria are met. Vesting is conditioned upon the Company's four year (for the years 2022, 2023, 2024, and 2025) average percentile ranking in the S&P Supercomposite Regional Bank Index (less banks with assets greater than \$50 billion) and the grantee must remain an employee of the Company through the vesting date. The S&P Supercomposite Regional Bank Index was determined as of January 3, 2022. The First Category Shares will vest 100% if the four year average percentile ranking for Return-on-Equity is in the top quartile of the S&P Supercomposite Regional Bank Index, 75% will vest if the Company's ranking is at least in the 62.5th and not more than 74.99th percentile, 50% will vest if the Company's ranking is at least in the 50th percentile and not more than 62.49th percentile, shares will forfeit if the Company's ranking is below the 50th percentile. The Second Category Shares will vest 100% if the four year average percentile ranking for Stock Price-to-Book Ratio is in the top quartile of the S&P Supercomposite Regional Bank Index, 75% will vest if the Company's ranking is at least in the 62.5th and not more than 74.99th percentile, 50% will vest if the Company's ranking is at least in the 50th percentile and not more than 62.49th percentile, shares will forfeit if the Company's ranking is below the 50th percentile.

PENSION BENEFITS

The Employees' Retirement Plan of Bank of Hawaii (the “Retirement Plan”) provides retirement benefits for eligible employees based on the employee's years of service and average annual salary during the 60 consecutive months resulting in the highest average salary (excluding overtime, incentive plan payouts, and discretionary cash awards). The Retirement Plan was frozen as of December 31, 1995, except that for the five-year period commencing January 1, 1996, benefits for certain eligible participants were increased in proportion to the increase in the participant's average annual salary. As of December 31, 2000, the benefits under the Retirement Plan were completely frozen and not subject to increase for any additional years of service or increase in average annual salary. Mr. Ho and Ms. Sellers are the only named executive officers who are participants in the Retirement Plan. A summary of their benefits are listed below:

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefits (\$)	Payments During Last Fiscal Year (\$)
Peter S. Ho	Employees' Retirement Plan of Bank of Hawaii	2	13,839	—
Mary E. Sellers	Employees' Retirement Plan of Bank of Hawaii	7	76,055	—

CHANGE-IN-CONTROL, TERMINATION, AND OTHER ARRANGEMENTS

Bank of Hawai'i's Change-in-Control Retention Plan (the "Retention Plan") provides a participant with benefits in the event of a change-in-control of the Company. The Retention Plan includes a "Double-Trigger" payout requirement; there must be a change-in-control of the Company, and a termination of the participant's employment with the Company either by the Company without cause or by the participant for "good reason" in each case within 24 months following the change-in-control. All of the current named executive officers are participants in the Retention Plan. Two levels of benefits are payable to participants in the Retention Plan, with executives holding the position of Vice Chair or above being eligible for the higher tier of benefits. Messrs. Ho, Shigemura, Abbruzzese and Polk, and Ms. Sellers are eligible for the higher tier of benefits (described in the table below). In consideration of the benefits payable under the Retention Plan, participants are, for 12 months following termination of employment, subject to non-disclosure, non-competition (generally with respect to any other financial institution doing business in Hawai'i), non-solicitation of business and employees, and non-disparagement restrictions.

The Retention Plan limits any payment or benefit under the Plan to an amount that would not be subject to Excise Tax even if the benefits would be substantially eliminated as a result of this limit, and prohibits the payment under the Plan of any tax gross up payments to executives in connection with any payment or benefit under the Plan.

Under the Retention Plan, a "change-in-control" will be deemed to have occurred if:

- any person or group becomes the beneficial owner of 25% or more of the combined voting power of the Company's securities that are entitled to vote for the election of directors;
- a reorganization, merger or consolidation of the Company or the sale of substantially all of its assets occurs (excluding a transaction in which beneficial owners of the Company immediately prior to the transaction continue to own more than 60% of the total outstanding stock of the resulting entity and of the combined voting power of the entity's securities that are entitled to vote for the election of directors); or
- individuals who constituted the Board of Directors as of April 30, 2004, cease to constitute a majority of the Board, including as a result of actual or threatened election contests or through consents by or on behalf of a party other than the Board (but disregarding directors whose nomination or election was approved by at least a majority of the directors as of April 30, 2004, or other directors approved by them).

A participant is deemed to have "good reason" if one or more of the following occur after a change-in-control without the participant's written consent:

- a material reduction in the participant's base salary, authority, duties or responsibilities, or in the budget over which the participant has authority;
- a material reduction in the authority, duties or responsibilities of the participant's supervisor;
- the participant is required to relocate to a different Hawaiian Island for employment or to a place more than 50 miles from the participant's base of employment immediately prior to the change-in-control; or
- any other action or inaction that constitutes a material breach by the Company of the Retention Plan or the participant's employment agreement.

The terms of the Company's 2014 Stock and Incentive Compensation Plan provide for full acceleration of vesting of restricted stock, restricted stock units, and stock options upon the occurrence of a change-in-control of the Company. We believe that it is generally appropriate to fully vest equity and incentive-based awards to employees in a change-in-control transaction because such a transaction may often cut short or reduce the employee's ability to realize value with respect to such awards. All restricted stock, restricted stock units and stock option agreements which, by their terms, provide for acceleration of vesting in the event of a change-in-control, require a "Double-Trigger" for acceleration to occur, as provided in the Retention Plan. The Executive Incentive Plan provides that incentive awards will, upon a change-in-control of the Company, be prorated as though the applicable performance period ended on the change-in-control date, and will be calculated as an amount equal to two times a participant's incentive allocation for the prorated performance period.

The table below sets forth the benefits that would have been payable to each of the named executive officers had a qualifying termination occurred under the terms of the Retention Plan or plans with change-in-control provisions on December 31, 2022.

Name	Base Salary and Bonus		Executive Incentive Plan Payment (\$)(2)(8)	Health Benefits (\$)(3)	Outplacement (\$)(4)	Relocation Payment (\$)(5)	Acceleration of Restricted Stock (\$)(6)(8)	Non-competition Payment (\$)(7)	Total (\$)

Marco A. Abbruzzese	—		210,835	65,535	28,862	150,000	—	720,000	1,175,232
James C. Polk	1,656,000		736,000	43,665	28,862	150,000	4,531,732	828,000	7,974,259
Mary E. Sellers	1,569,600		697,600	22,260	28,862	150,000	2,610,670	784,800	5,863,792

- (1) Under the Retention Plan, participants who hold the position of Vice Chair or above would be entitled to the sum of (a) two times the participant's highest annual base salary in the three fiscal years preceding termination of employment (the "Highest Base Salary"), and (b) two times the product of the participant's annual bonus target percentage under the Executive Incentive Plan in the year of termination and the participant's Highest Base Salary. Amounts would be payable in a lump sum in the month following termination unless the participant is a "key employee" as defined in Treasury Regulation Section 416(i)(1)(A)(i), (ii) or (iii), in which case amounts would be payable in a lump sum on the first day of the seventh month following termination.
- (2) The Executive Incentive Plan provides that upon a change-in-control of the Company, a participant who would otherwise be entitled to a final award for a performance period ending after the date of the change-in-control will be entitled to an amount equal to two times the participant's annual bonus target percentage under the plan (calculated based on the participant's annualized salary), prorated to the number of months elapsed in the applicable performance period. The final award would be paid within ten days after the end of the shortened performance period.
- (3) In lieu of Company-paid health benefits, Retention Plan participants who hold the position of Vice Chair or above would be entitled to an amount equal to three times the cost of annual COBRA premiums for the medical, dental and vision plan coverage that was provided to the participant immediately prior to termination (or coverage provided to employees generally if the participant was not covered by the Company's health plans prior to termination). Amounts would be payable in a lump sum as described in (1) above.
- (4) Under the Retention Plan, participants who hold the position of Vice Chair or above would be entitled to reimbursement for outplacement expenses not to exceed \$20,000 (adjusted for inflation after 2007).
- (5) For participants who hold the position of Vice Chair or above, the Retention Plan provides for reimbursement of reasonable moving expenses incurred by the participant within 24 months following a qualifying termination (to the extent not reimbursed by another employer). The maximum reimbursement for real estate transaction expenses shall not exceed \$100,000 and the maximum reimbursement for all other reasonable moving expenses shall not exceed \$50,000.
- (6) Under the 2014 Stock and Incentive Plan, a change-in-control would accelerate the lapsing of restrictions applicable to any restricted stock, restricted stock units, and stock options granted under such plan. All restricted stock, restricted stock units and stock option agreements which, by their terms, provide for acceleration of vesting in the event of a change-in-control, require a "Double-Trigger" for acceleration to occur, as provided in the Retention Plan.
- (7) Under the Retention Plan, a participant who holds the position of Vice Chair or above is eligible to receive an amount equal to the sum of (a) one times the participant's Highest Base Salary, and (b) the product of the participant's annual bonus target percentage under the Executive Incentive Plan in the year of termination and the participant's Highest Base Salary, provided that the participant refrains from competing against the Company (generally with respect to any other financial institution doing business in Hawai'i) and also complies with the non-solicitation, non-disclosures and non-disparagement provisions of the plan for twelve months following the date of termination. The payment described in this section would be paid in a lump sum in the thirteenth month following termination.
- (8) In 2009, the Company amended the Retention Plan to limit any payment or benefit under the plan to an amount that would not be subject to Excise Tax even if the benefits would be substantially eliminated as a result of this limit. Under the terms of the Retention Plan, if it is determined that any payment or benefit would be subject to Excise Tax, then the benefit payments will be reduced first from equity compensation and then from salary and bonus to the extent that the value of the reduced benefit payments will not be subject to any Excise Tax.

PAY VERSUS PERFORMANCE

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information:

For 2022:

- The median of the annual total compensation of all employees of our Company (other than our CEO), was \$66,228; and
- The annual total compensation of Mr. Ho, our Chairman, Chief Executive Officer, and President was \$6,056,524.

Based on this information, the ratio for 2022 of the annual total compensation of our Chairman, Chief Executive Officer, and President to the median of the annual total compensation of all employees is 91 to 1.

We completed the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and CEO:

- As of October 7, 2022, our U.S. employee population consisted of 2,129 employees, including any full-time, part-time, temporary, or seasonal employees employed on that date. This date was selected because it aligned with a payroll cycle and allowed us to identify employees in a reasonably efficient manner. As permitted by SEC rules, we excluded approximately 15 employees located in Palau, which accounted for less than 1% of our total U.S. and non-U.S. employee population of 2,144.
- To find the median of the annual total compensation of our employees (other than our CEO), we used total earnings as reported to the Internal Revenue Service on Form W-2 plus nontaxable earnings from our payroll records for fiscal year 2022. In making this determination, we annualized compensation for full-time and part-time permanent employees who were employed on October 7, 2022, but did not work for us the entire year. No full-time equivalent adjustments were made for part-time employees.
- We identified our median employee using this compensation measure and methodology, which was consistently applied to all our employees included in the calculation.
- After identifying the median employee, we added together all of the elements of such employee's compensation for 2022 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in the annual total compensation of \$66,228.
- With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2022 Summary Compensation Table, prepared in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has written ethics and business conduct policies and procedures to monitor and approve related party transactions, including procedures related to any loans the Company makes to executive officers and directors. The Company also conducts ethics training for its officers and directors. In accordance with applicable NYSE listing standards, each related party transaction is reviewed and evaluated by an appropriate group, generally the Audit & Risk Committee, to determine whether a particular relationship serves the best interest of the Company and its shareholders and whether the relationship should be continued. The Company also has adopted a written Code of Business Conduct and Ethics (the “Code”) for all directors, officers and employees to address, among other topics, possible conflicts of interest, corporate opportunities, compliance responsibilities, and reporting and accountability. The Code stresses personal accountability. Directors, officers, or employees who become aware of conflicts of interest or are concerned that a conflict might develop are required to disclose the matter promptly.

In accordance with the applicable NYSE listing standards and the Code, any material transactions or relationships involving a director or executive officer that could reasonably be expected to give rise to a conflict of interest must be approved or ratified by the Audit & Risk Committee and a list of those approvals and ratifications must be submitted semi-annually to the Board of Directors. The Audit & Risk Committee approves or ratifies material transactions or relationships involving a director or executive officer based on the facts and circumstances of each case. In addition to self-reporting, information about potential conflicts of interest is obtained as part of the annual questionnaire process. In response to the annual Directors’ and Officers’ Questionnaire, each director and executive officer submits to the Corporate Secretary a description of any current or proposed related party transactions. These transactions are presented to the Audit & Risk Committee for review and approval or ratification.

The Company and its subsidiaries are also subject to extensive federal regulations regarding certain transactions, including banking regulations relating to the extension of credit by subsidiary banks to insiders, such as executive officers and directors, as well as entities in which these individuals have specified control positions.

During 2022, the Company and its banking and investment subsidiaries engaged in transactions in the ordinary course of business with one or more of the Company’s directors and executive officers, members of their immediate families, corporations and organizations of which one or more of them was a beneficial owner of 10% or more of a class of equity securities, certain of their associates and affiliates, and certain trusts and estates of which one or more of them was a trustee or beneficiary. All loans to such persons were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company, and did not involve more than the normal risk of collectability or present other unfavorable features.

Ms. Dana M. Tokioka, a current director and director nominee, serves as a vice president of Atlas Insurance Agency, Inc. (“Atlas”), a Honolulu-based insurance agency which has provided insurance brokerage services to the Company since July 2009, predating Ms. Tokioka’s appointment to the Board. In 2022, the Company paid Atlas insurance brokerage fees in the amount of \$475,043, relating to professional liability, property, casualty and other insurance related products and services. The above-mentioned transactions were made in the ordinary course of business and on terms and conditions comparable to contracts with other vendors not related to the Company.

PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also enables shareholders to approve, on an advisory (non-binding) basis, the frequency of the advisory vote on the compensation of our named executive officers, as described in Proposal 2 on page 35 of this proxy statement (frequently referred to as a "say-on-pay" vote). Accordingly, shareholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two, or three years, or whether they wish to abstain from casting a vote.

After considering the benefits and consequences of each option for the frequency of advisory say-on-pay votes, our Board has determined that an advisory vote on executive compensation that occurs every year is the most appropriate approach for the Company. In formulating this recommendation, the Board considered that an annual advisory vote would allow our shareholders to provide their direct input on our executive compensation most frequently. As an advisory vote, this proposal is also non-binding on the Company; however, the Compensation Committee values the opinions expressed by shareholders and will give due consideration to the frequency option that receives the highest number of shareholder votes.

The Board of Directors recommends a vote "FOR" the option of once every year as the frequency for the advisory vote on executive compensation.

PROPOSAL 4: RATIFICATION OF THE RE-APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2023 FISCAL YEAR

The Audit & Risk Committee has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the 2023 fiscal year. The Board recommends that the shareholders ratify this appointment. Ernst & Young LLP has been the Company's independent registered public accounting firm since its incorporation in 1971. We expect representatives of Ernst & Young LLP to attend the annual meeting. Ernst & Young LLP has indicated that they will have no statement to make but will be available to respond to questions. If this Proposal does not pass, the appointment of the independent registered public accounting firm will be reconsidered by the Audit & Risk Committee.

The Board of Directors recommends a vote "FOR" the foregoing proposal.

ERNST & YOUNG LLP FEES

Ernst & Young LLP's fees for professional services rendered for 2022 and 2021 were as follows:

Service	2022	2021
Audit Fees	\$ 1,782,000	\$ 1,706,000
Audit-Related Fees	297,500	379,000
Tax Fees	223,417	81,588
All Other Fees	—	—
Total	\$ 2,302,917	\$ 2,166,588

Audit Fees

The audit fees represent audit fees and administrative expenses for professional services rendered for the audit of the Company's annual consolidated financial statements, the review of our quarterly financial statements included in our Quarterly Reports on Form 10-Q, and the audit of our internal control over financial reporting. Audit fees also represent fees for professional services rendered for statutory and subsidiary audits.

Audit-Related Fees

The audit-related fees represent fees for employee benefit plan audits, services with respect to Statement on Standards for Attestation Engagements No. 18 related to the Company's trust operations and mortgage compliance, and other attestation reports.

Tax Fees

The tax fees represent fees for tax advisory and compliance services.

All Other Fees

The all other fees represent fees for non-tax related advisory and consulting services.

AUDIT & RISK COMMITTEE REPORT

As members of the Audit & Risk Committee, we review the Company's financial reporting process on behalf of the Board of Directors. The Audit & Risk Committee Charter, which outlines the Committee's responsibilities, is available on the Company's website at www.boh.com. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and disclosure controls. In this context, we have met and held discussions with management and the independent registered public accounting firm. Management represented to us that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and we have reviewed and discussed the audited financial statements and related disclosures with management and the independent registered public accounting firm, including a review of the significant management judgments underlying the financial statements and disclosures.

The independent registered public accounting firm reports to us. We have sole authority to appoint and to terminate the engagement of the independent registered public accounting firm. As a matter of best practice, we submit the appointment of the independent registered public accounting firm to shareholders for ratification.

We have discussed with the independent registered public accounting firm the matters required to be discussed by the Public Company Accounting Oversight Board's ("PCAOB") Accounting Standard No. 1301, "Communications with Audit Committees," including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. In addition, we have received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding communications with the audit committee concerning independence, and have discussed with the independent registered public accounting firm its independence from the Company and its management. In concluding that the independent registered public accounting firm is independent, we determined, among other things, that the audit and non-audit services provided by Ernst & Young LLP were compatible with its independence. Consistent with the requirements of the Sarbanes-Oxley Act of 2002, the Audit & Risk Committee has adopted policies to avoid compromising the independence of the independent registered public accounting firm, such as prior committee approval of audit, non-audit, tax, and all other services, and required audit partner rotation.

We discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits, including internal control testing under Section 404 of the Sarbanes-Oxley Act of 2002. We met with our internal auditors and independent registered public accounting firm, with and without management present, and in private sessions with members of senior management to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. We also periodically met in executive session.

In reliance on the reviews and discussions referred to above, as members of the Audit & Risk Committee, we recommended to the Board of Directors (and the Board of Directors subsequently approved the recommendation) that the audited consolidated financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2022, for filing with the Securities and Exchange Commission. We have also appointed the Company's independent registered public accounting firm, subject to shareholder ratification, for the 2023 fiscal year.

As submitted by the members of the Audit & Risk Committee,

Mark A. Burak, Chairman
John C. Erickson, Vice Chairman
Alicia E. Moy
Victor K. Nichols
Barbara J. Tanabe
Raymond P. Vara, Jr.

AUDIT & RISK COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

On an annual basis, the Audit & Risk Committee pre-approves all auditing and permitted non-audit services to be provided by Ernst & Young LLP, except that the Audit & Risk Committee need not pre-approve any permitted non-audit services that meet the requirements of any de minimis exception established by SEC rules. The pre-approved list of services consists of audit services, audit-related services, and tax services. The Audit & Risk Committee or its designee, the Committee Chairman, must specifically approve any type of service that is not included on the pre-approved list of services, provided that any such pre-approval by the Committee Chairman is presented to the full Audit & Risk Committee at its next meeting. Any proposed service that is included on the list of pre-approved services but will cause the pre-approved fee level to be exceeded also requires specific pre-approval by the Audit & Risk Committee or its designee, the Committee Chairman, provided that any such pre-approval by the Committee Chairman is presented to the full Audit & Risk Committee at its next meeting.

All of the services provided by, and fees paid to, Ernst & Young LLP in 2022 were pre-approved by the Audit & Risk Committee, and there were no services for which the de minimis exception permitted in certain circumstances under SEC rules was utilized.

OTHER BUSINESS

The Board of Directors knows of no other business for consideration at the annual meeting. However, if other matters properly come before the meeting or any adjournment, the person or persons voting your shares pursuant to instructions by proxy card, telephone, or the Internet will vote as they deem in the best interests of Bank of Hawai'i Corporation.

A copy of the Company's Annual Report on Form 10-K, including the related consolidated financial statements and schedules filed with the SEC, is available without charge to any shareholder who requests a copy in writing. Any exhibit to Form 10-K is also available upon written request at a reasonable charge for copying and mailing. Written requests should be made to the Corporate Secretary at 130 Merchant Street, Honolulu, Hawai'i 96813.
